Westover Acclimated

Evergreens
Trees, Shrubs
Perennials
Roses, and
Bedding Plants

WESTOVER NURSERY CO.

8500 Olive Street Road
ST. LOUIS, MO.

IT'S NOT A HOME UNTIL IT'S PLANTED

To Introduce . . .

Westover "Acclimated" Delivered Day Dug Evergreens, Trees, Shrubs, Perennials, Roses

AT Westover Nursery—a garden spot spreading over sixty-one cultivated acres of rich, heavy clay soil laying to either side of the paved highway of Olive street road, west of north and south road, in Clayton, Mo., skirting St. Louis—we raise practically every one of the thousands of plants illustrated, described and priced in this catalog—Evergreens, Trees, Shrubs, Perennials, Bedding Plants, Roses and Fruits. Besides, we have a hundred and three acres on Tree Farm No. 2—some seven miles west on the same road, in growing nursery stock. **We do not employ agents, but sell only direct to the home owner and landscape architect, through our catalog.**

Westover Nursery Company is the originator of acclimating nursery stock that may best be defined as follows:

- what is true of men is equally true of trees and shrubs, and the human characteristics of nursery stock may best explain our use of the word "acclimated."
- it is no more possible for a thin-blooded negro from the South to withstand the rigors of our winter climate without protection from the cold than it is for a Laplander, raised upon a diet of tallow and grease, to survive one of our sweltering summers without protection from the heat.
- conversely, you could not expect trees and shrubs grown under the ideal conditions of the East, with plenty of moisture, to thrive without protection by shade in summer, and heavy mulching in winter.

This the tender plants get at Westover's—hence the significance of the term "acclimated," and having developed under careful nursing a local root and twig growth, this young, hardy stock can be depended upon to grow, thrive and develop like the southern negro, whose blood has become thick, and the Laplander, whose blood has become thin.

Westover Nursery was started in 1916 by its present owners of practical and scientific nurserymen, who recognized the long felt need of a nursery in this section, where people could obtain every variety of plant suitable to this locality. The nursery began operation on a small tract of thirty acres, and has in a short span of ten years developed into a nursery of a hundred and sixty-four acres, with 50,000 feet of greenhouses and cold frames.

The founders realized full well that this locality was not the best suited for growing plants profitably, owing to our short growing season and otherwise unfavorable climatic conditions. Still, they reasoned that just as soon as people came to the realization that plants grown in this section would do better for them than those grown in far away localities, where soil and climatic conditions were more favorable to fast growth, they would gladly pay a little more for plants grown here. And so we attribute our marked success to the excellent results obtained with Westover acclimated stock.

True, as our thousands of customers know, it does cost more to produce stock in this section, the sturdiness of our plants and the record of their growth more than offsets the price charged for stock grown in more favorable climate. We prefer to lose an order rather than to sell a plant which we know would not do well under conditions which surround it.

The filling of your first order is to us merely an introduction to your good will and your continued patronage.

As we do not employ agents or solicit business from any source other than our catalog, we take particular pride, and attribute our rapid growth to "repeat" orders, and from orders received from friends recommended by our customers who know our methods of doing business

Read Carefully Before Ordering

Prices

Prices noted in this catalogue are net, f. o. b. St. Louis, and are accepted subject to prior sale and loss caused by drought, fire, hail or other causes beyond our control.

Prices in this catalogue cancel all previous lists and quotations and are subject to change without notice. Prices do not include packing of shipping orders which will be charged for extra at cost, but does include delivery within the city limits of St. Louis. **Stock specially selected by customers at the Nursery will be charged according to the value of the trees chosen irrespective of catalogue list price.**

RATES: 1 to 4 of the same size and variety take each rate.

5 or more of the same size and variety take 10 rate.

Special prices quoted on lots of 25 or more of same size and variety.

Terms

Cash must accompany all orders to insure prompt shipment.

Parties desiring credit must furnish satisfactory references and allow sufficient time for investigation. When credit is extended, invoice will be mailed on day of shipment and payment must be made on the 10th of the month following date of invoice.

No orders accepted for C. O. D. shipment.

Guarantee

We are vitally interested in the success of everything purchased from us. We will cheerfully advise you what, where and when to plant. We will advise you how to care for stock after planting. All products sold by us are of selected quality, and when promptly and properly planted and given ordinary care, should thrive under the severe climatic conditions peculiar to this section, where they are grown.

We do not guarantee stock to grow, or results in any way. No complaint will be entertained that is not made immediately upon receipt of stock.

There are so many causes for failure over which we have no control that we can assume no responsibility after stock is delivered in good order. Poor soil, unfavorable weather, ignorant or careless culture, all contribute to failure and are beyond our control.

Our warranty insures the purchaser obtaining healthy vigorous plants true to name.

Landscape Contracting

We do not execute any planting outside of our grounds, as this important work is a profession quite apart from the growing end of the industry, but we are in close touch with all the leading landscape architects and gardeners and will gladly furnish customers with the names of reliable specialists in this line, who are prepared to estimate on contracts of any magnitude.

State Inspection

The Westover Nurseries are inspected at frequent intervals during the year by the Nursery and Orchard Inspection Service of the Department of Agriculture of the State of Missouri; a Department Certificate of Inspection, attesting the fact that our nurseries are free from parasitic growths and harmful insects, accompanies each shipment.

"We are members American Association of Nurserymen: All quotations, prices, contracts and grading both for purchase or sale are based on HORTICULTURAL STANDARDS adopted by this Association, June, 1923."

Visitors Are Welcome

The public is cordially invited to visit our nurseries and greenhouses. Visitors are not annoyed by solicitations of a commercial nature.

General Directions

Location—Our main office and display grounds are at 8500 Olive Street Road just west of the North and South Road; one mile west of Creve Coeur car line. Olive Street Road Bus from end of Delmar-Olive car line go direct to nursery.

Phone: Wydown 0202

Deciduous Trees

IS THERE anything more lovely than the continual change of trees with the season? Emerging from the cold breath of King Winter, into the soft, warm breezes of Springtime, the swelling buds open into bashful blossoms—retiring perhaps because of their precipitation into a new world, but none the less beautiful. With summer, their delicately expanding leaves take on a deep, rich green—and a few months later, the evolution into Autumn, with a myriad of gorgeous hues, is complete.

The trees we offer are produced under the most favorable conditions. They are thrifty, vigorous specimens, with great fibrous roots. Many of them are seedlings—some are reproduced by budding or grafting. All are transplanted at least two or more times.

ACER Dasycarpum. SILVER or SOFT MAPLE

This is the quickest growing and largest of the maples. It is especially delightful on the lawn or street, where its broad, spreading head is given plenty of room.

Note: (Clpr. is an abbreviation for Diameter).

	Each	Per 10	Per 100
8 to 10 ft.....	\$1.75	\$15.00	\$125.00
1¼ to 1½ in. Clpr.....	2.50	20.00	175.00

2 to 2½ in. Clpr.....	5.00	40.00	375.00
2½ to 3 in. Clpr.....	6.00	50.00	450.00
3 to 3½ in. Clpr.....	7.50	70.00	600.00
Specimens, each.....	\$10.00 to \$25.00		

A. Dasycarpum Pyramidalis. PYRAMIDAL SILVER MAPLE.

This variety can only be produced by grafting or budding. It is a fast growing tree, low branched and pyramidal in growth.

	Each	Per 10
6 to 8 ft.....	\$2.00	\$17.50
Specimens.....	\$15.00 to \$25.00 each	

A. Ginnala. AMUR MAPLE.

This is a beautiful tree, growing to medium height, low branched and bushy. Brilliant autumnal coloring.

	Each	Per 10
5 to 6 ft. specimens.....	\$5.00	\$40.00
8 to 10 ft. specimens.....	8.00	70.00

A. Negundo. BOX-ELDER OR ASH-LEAVED MAPLE.

A rapid growing variety, with light green foliage and spreading head, very hardy and succeeds in many sections where other varieties do not.

	Each	Per 10	Per 100
6 to 8 ft.....	\$1.50	\$12.50	\$100.00
8 to 10 ft.....	1.75	15.00	125.00

CUT-LEAVED WEEPING BIRCH

SILVER MAPLE

Plants of Permanence

ACER Dasycarpum Wieri. WIER'S CUT-LEAVED MAPLE.

The Weir Maple is a great deal like the Silver Maple. However, it is more upright in habit of growth, with pendulous branchlets; leaves deeply cleft and shredded. Grows very fast and makes a very shapely tree.

	Each	Per 10
1¼ to 1½ in. Clpr.....	\$3.00	\$25.00
1½ to 1¾ in. Clpr.....	3.50	30.00
1¾ to 2 in. Clpr.....	4.00	35.00

A. Platanoides. NORWAY MAPLE.

This is a beautiful, round topped tree. The foliage is a deep, rich green and its shape closely resembles that of the Sugar Maple.

	Each	Per 10
6 to 8 ft.....	\$3.50	\$30.00
8 to 10 ft.....	4.50	40.00
1¼ to 1½ in. Clpr.....	5.00	45.00
1½ to 1¾ in. Clpr.....	6.50	60.00
1¾ to 2 in. Clpr.....	7.50	70.00

A. Platanoides Schwedleri. PURPLE-LEAVED NORWAY MAPLE.

This tree has the same habit as the Norway Maple excepting that the leaves come out Red and Purple in the early spring which make a beautiful contrast to the delicate green of other trees. In mid-summer they are purplish green and turn to a golden-yellow in autumn.

	Each	Per 10
6 to 8 ft.....	\$5.00	\$45.00
8 to 10 ft.....	6.00	55.00

A. Saccharum. SUGAR MAPLE.

The Sugar Maple has always been the grandest of all maples. It is a tall, stately tree and of the greatest

beauty. Wonderful tones of orange and lemon characterize its leaves in the Autumn. Particularly fine for planting as a specimen on the lawn. It is however very slow growing.

	Each	Per 10
8 to 10 ft.....	\$4.50	\$40.00
1¼ to 1½ in. Clpr.....	5.50	50.00
1½ to 1¾ in. Clpr.....	6.50	60.00

AESCULUS Hippocastanum. HORSE CHESTNUT.

One of the finest of flowering trees—but of slow growth. Has white flowers in spikes or panicles. Blooms to nearly middle of May.

	Each	Per 10
6 to 8 ft.....	\$5.00	\$45.00

ALNUS Glutinosa. EUROPEAN OR COMMON ALDER.

A vigorously growing tree with dark green dull foliage. Valuable for planting in damp situations.

	Each	Per 10
1¾ to 2 in. Clpr.....	\$4.00	\$35.00
2 to 2½ in. Clpr.....	5.50	50.00
Specimens, each.....	\$10.00 to	\$25.00

ARALIA. (SEE SHRUBS.)

BETULA Alba. EUROPEAN WHITE BIRCH.

The beautiful white bark of this tree makes it very popular for lawn planting. Very upright in habit, reaching 60 feet or more.

	Each	Per 10
1¼ to 1½ in. Clpr.....	\$3.50	\$30.00
1½ to 1¾ in. Clpr.....	4.50	40.00
1¾ to 2 in. Clpr.....	5.00	45.00
2 to 2½ in. Clpr.....	6.00	55.00

SCHWEDLER MAPLE

NORWAY MAPLE

SWEET GUM

BETULA Alba Laciniata. CUT-LEAVED WEEPING BIRCH.

An elegant, erect tree, with slender drooping branches and fine cut leaves. White bark.

	Each	Per 10
8 to 10 ft.....	\$5.00	\$45.00
1¼ to 1½ in. Clpr.....	6.00	55.00
1½ to 1¾ in. Clpr.....	7.00	65.00

B. Nigra (Rubra). RIVER OR BLACK BIRCH.

Excellent for screen or windbreak. Grows tall and graceful. Recommended by Shaw's Garden for planting in the city.

	Each	Per 10
1½ to 1¾ in. Clpr.....	\$4.50	\$40.00
2 to 2½ in. Clpr.....	6.00	55.00
2½ to 3 in. Clpr.....	7.00	60.00
3 to 3½ in. Clpr.....	8.00	70.00

B. Papyrifera. PAPER OR CANOE BIRCH.

A graceful tree with loose bark of a buff color.

	Each	Per 10
1¼ to 1½ in. Clpr.....	\$3.50	\$30.00
1½ to 1¾ in. Clpr.....	4.50	40.00
1¾ to 2 in. Clpr.....	5.00	45.00
2 to 2½ in. Clpr.....	6.00	55.00

B. Populifolia. GRAY BIRCH.

A small graceful tree with smooth white bark. Thrives in poor dry soil better than any Birch.

	Each	Per 10
8 to 10 ft.....	\$3.00	\$25.00
1¼ to 1½ in. Clpr.....	3.50	30.00
1½ to 1¾ in. Clpr.....	4.50	40.00

CARPINUS Caroliniana. HORN BEAM.

Shrubby tree, good foliage. Valuable for screen or hedge. Can be sheared any shape.

	Each	Per 10
4 to 5 ft. B. & B.....	\$6.50	\$60.00

CATALPA Bungei. CHINESE CATALPA OR UMBRELLA TREE.

This tree is better known as the Umbrella Catalpa. The branches form a globe shaped head, at the top of a straight stem averaging five feet in height. Leaves are very large, dark green and heart shaped. This is one of the most popular trees on our list and is particularly desirable for formal effects.

	Each	Per 10
2 year heads.....	\$2.50	\$22.50
3 to 4 year heads.....	\$3.50 to \$5.00	each

C. Speciosa. WESTERN CATALPA OR INDIAN BEAN.

In June, this rapid growing tree of very erect form, blossoms forth with large white flowers. As a flowering tree it is equal to the less hardy Horse Chestnut. It is especially adaptable for fence post planting and timbers for general use.

	Each	Per 10
1½ to 1¾ in. Clpr.....	\$2.00	\$17.50
1¾ to 2 in. Clpr.....	2.50	20.00
2 to 2½ in. Clpr.....	3.00	22.50
2½ to 3 in. Clpr.....	3.50	30.00
4 to 6 in. Clpr., each.....	\$5.00 to \$10.00	

CELTIS Occidentalis. HACKBERRY.

A slow growing tree with foliage resembling the Elm; a good dense-headed tree for screen purposes.

	Each	Per 10
5 to 6 ft.....	\$1.75	\$15.00
6 to 8 ft.....	2.00	17.50

CERCIS Canadensis. RED BUD OR JUDAS TREE.

The lovely pink, pea-shaped blossoms of this beautiful tree lend much cheerfulness in the spring. It is a native woodland beauty.

	Each	Per 10	Per 100
4 to 5 ft.....	\$1.50	\$12.50	\$100.00
5 to 6 ft.....	2.00	17.50	150.00
6 to 8 ft.....	2.50	20.00	175.00

CHIONANTHUS. (SEE SHRUBS.)

CORNUS Florida. WHITE FLOWERING DOGWOOD.

Of all the spring time bloomers, this small tree is one of the loveliest. The conspicuous white petal-like bracts, which are an inch broad, give the flowered clusters a charming loveliness.

	Each	Per 10
2 to 3 ft., with ball.....	\$1.75	\$15.00
3 to 4 ft., with ball.....	2.25	20.00
4 to 5 ft., with ball.....	3.00	25.00

CORNUS Florida Plena.

Same as Cornus Florida but has semi-double white flowers.

	Each	Per 10
1½ to 2 in. Clpr., B. & B.....	\$15.00	\$125.00

CORNUS Florida Rubra. PINK FLOWERING DOGWOOD.

Blooming at the same season as the white.

	Each	Per 10
3 to 4 ft., B. & B.....	\$5.00	\$45.00

CRATAEGUS Coccinea. SCARLET FRUITED THORN.

This beautiful tree-like shrub very often attains a height of fifteen feet and is perfectly beautiful when in bloom. It is equally ornamental when loaded with its crimson fruits.

	Each	Per 10
4 to 5 ft.....	\$2.50	\$20.00
5 to 6 ft.....	3.50	30.00
6 to 8 ft.....	5.00	40.00
Specimens 8 to 10 ft., B. & B., each.....	10.00	

CRATAEGUS Cordata. WASHINGTON THORN.

A very desirable dwarf tree with beautiful large clusters of bright red fruit remaining a long time on the branches.

	Each	Per 10
6 to 8 ft.....	\$5.00	\$40.00

C. Crusgalli. COCKSPUR THORN.

This tree gets its name from its lone, spur-like thorns. It is easily one of the most beautiful of all hawthornes, either in flower or fruit. It might be interesting to know the Hawthorne has been selected as the Missouri State Flower.

	Each	Per 10
3 to 4 ft.....	\$2.00	\$17.50

C. Mollis. DOWNY THORN.

The lovely blossoms of this beautiful tree are of a bright, scarlet color, large, very full.

	Each	Per 10
5 to 6 ft.....	\$3.50	\$30.00
6 to 8 ft.....	5.00	45.00

C. Oxyacantha. ENGLISH HAWTHORNE.

This variety grows more spreading than some of the varieties.

	Each	Per 10
5 to 6 ft.....	\$3.50	\$30.00
6 to 8 ft.....	5.00	40.00

C. Oxyacantha splendens. PAUL'S SCARLET.

The lovely blossoms of this variety are a bright double scarlet. The showiest of all Hawthornes.

	Each	Per 10
6 to 7 ft.....	\$5.00	\$40.00

FRAXINUS Americana. Syn. alba. AMERICAN WHITE ASH.

This becomes a beautiful tree when matured—is of large size and very shapely. Foliage is of dark green, lustrous above, whitened beneath. In autumn, it changes to the most gorgeous of purple and yellow tones. Very desirable for general planting, because of its rapid growth, long life and fine form.

	Each	Per 10	Per 100
8 to 10 ft.....	\$2.25	\$20.00	\$175.00
1¼ to 1½ in. Clpr.....	3.00	27.50	250.00
1½ to 1¾ in. Clpr.....	3.50	30.00	275.00
1¾ to 2 in. Clpr.....	4.00	35.00	300.00
2 to 2½ in. Clpr.....	5.00	45.00	400.00
2½ to 3 in. Clpr.....	6.50	60.00	500.00

FRAXINUS Lanceolata, (Viridis). GREEN ASH.

	Each	Per 10
6 to 8 ft.....	\$1.75	\$15.00
8 to 10 ft.....	2.25	20.00
1¼ to 1½ in. Clpr.....	3.00	27.50
1½ to 1¾ in. Clpr.....	3.50	30.00
1¾ to 2 in. Clpr.....	4.00	35.00

GINKGO Biloba Syn. Salisburia. MAIDENHAIR TREE.

A very peculiar tree both in its habits and foliage. Leaves resemble those of the Maiden-hair Fern.

	Each	Per 10
1½ to 1¾ in. Clpr.....	\$4.50	\$40.00
1¾ to 2 in. Clpr.....	5.00	45.00
2 to 2½ in. Clpr.....	6.50	60.00

GLEDITSIA Triacanthos. HONEYLOCUST.

The Honey Locust is equally good as a specimen or as a hedge. It becomes a tall, round top tree of uncommon airiness because of its small leaflets.

	Each	Per 10
8 to 10 ft.....	\$2.00	\$15.00
1¼ to 1½ in. Clpr.....	2.25	20.00
1½ to 1¾ in. Clpr.....	2.50	22.50
1¾ to 2 in. Clpr.....	2.75	25.00
2 to 2½ in. Clpr.....	3.25	30.00

GYMNOCLADUS dioica. KENTUCKY COFFEE TREE.

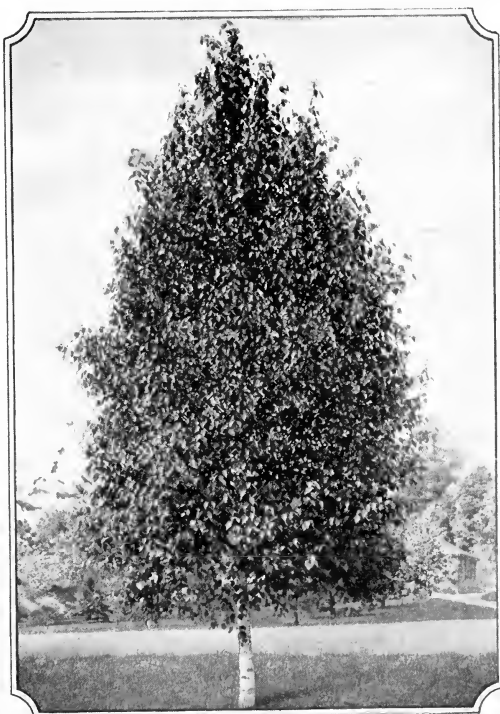

This picturesquely irregular tree grows about 100 feet high, with peculiar rough-barked, twigless branches and broad fronds of twice pinnate foliage of a peculiar bluish green. Bears white flowers in early summer. It gets its name from the seeds in its broad beams, which were once used for coffee in the southern mountains.

	Each	Per 10
6 to 8 ft.....	\$2.00	\$17.50
8 to 10 ft.....	2.50	20.00
1¼ to 1½ in. Clpr.....	3.00	25.00

JUGLANS Cineria. BUTTERNUT.

Native trees, much appreciated for its nuts. Nuts are longer than wide, with very rugged, hard black shells, containing kernels of great richness. Trees are moderate growers and very shapely.

	Each	Per 10
6 to 8 ft.....	\$2.00	\$15.00
8 to 10 ft.....	2.50	22.50
1¼ to 1½ in. Clpr.....	2.75	25.00
1½ to 1¾ in. Clpr.....	3.00	27.50
1¾ to 2 in. Clpr.....	3.25	30.00
2 to 2½ in. Clpr.....	4.00	35.00

WHITE BIRCH

BECHTEL'S DOUBLE-FLOWERING CRAB

JUGLANS Nigra. BLACK WALNUT.

There is no tree of greater economic value than the Black Walnut. They are very large, shapely trees and make excellent lawn trees, in addition to being nut producers. They are the best nut producers in the middle west and in this region it is doubtful if any nut tree is more appreciated.

	Each	Per 10
8 to 10 ft.....	\$2.50	\$22.50
1¼ to 1½ in. Clpr.....	3.00	25.00
2 to 2½ in. Clpr.....	4.50	40.00

JUGLANS Sieboldiana. JAPAN WALNUT.

These are large, spreading trees, with large compound leaves, producing nuts in clusters. The nuts are longer than those of the Persian (English) Walnut and rougher. The shell is almost as thick as that of the Black Walnut; kernel rich and of fine flavor.

	Each	Per 10
6 to 8 ft.....	\$1.75	\$15.00
8 to 10 ft.....	2.00	17.50
1¼ to 1½ in. Clpr.....	2.25	20.00
2 to 2½ in. Clpr.....	3.50	30.00

KOELREUTERIA Paniculata. VARNISH TREE.

This tree, also known as the Golden Rain Tree, originated in China. It is a very desirable lawn tree, with large pinnate leaves. Produces a mass of showy orange-yellow flowers in July, which are followed by curious seed vessels.

	Each	Per 10
6 to 8 ft.....	\$3.00	\$25.00
1¼ to 1½ in. Clpr.....	3.50	30.00
1½ to 1¾ in. Clpr.....	4.00	35.00
1¾ to 2 in. Clpr.....	4.50	40.00

LABURNUM Vulgare. GOLDENCHAIN.

This is an ornamental small tree, with showing yellow flowers. Excellent for planting among shrubs in shrubby borders.

	Each	Per 10
3 to 4 ft.....	\$1.50	\$12.50
4 to 5 ft.....	1.75	15.00

LIQUIDAMBAR Styraciflua. SWEETGUM.

This tree is beautiful at all stages and useful in all sorts of plantings. Has a narrow and ovate head, formed of short, corky-winged branches and masses of star-shaped, lustrous leaves that color to intense crimson-scarlet in the Fall. It gets its name from its fragrant sap and leaves.

	Each	Per 10
5 to 6 ft. with ball.....	\$6.00	\$50.00
6 to 8 ft. with ball.....	7.50	70.00
8 to 10 ft. with ball.....	10.00	90.00
1½ to 1¾ in. Clpr. with ball.....	12.50	110.00

CATALPA BUNGEI—Unsurpassed for Formal Plantings

Plants of Permanence

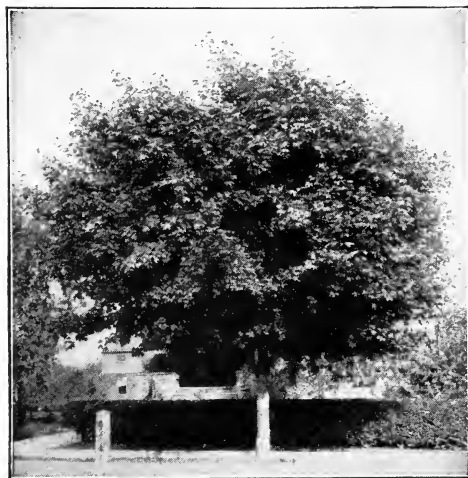

LIRIODENDRON Tulipifera. TULIP TREE.

This is a tall, magnificent native tree, which reaches a rapid growth of 100 feet. Has a smooth, erect gray trunk and is clothed with a splendid vesture of large glossy leaves. In summer, it is spangled with large tulip shaped flowers of greenish yellow and orange. This is one of our most distinguished trees for broad avenues, parks and lawns.

	Each	Per 10
6 to 8 ft.....	\$3.00	\$25.00
8 to 10 ft.....	4.00	35.00
1¼ to 1½ in. Clpr.....	4.50	40.00
1½ to 1¾ in. Clpr.....	5.00	45.00

MAGNOLIA Glauca. SWEETBAY OR SWEET MAGNOLIA.

A beautiful small shrubby tree, thriving in any good soil or situation and useful for positions too damp for many trees. Has rich glossy green foliage which is silvery beneath. The creamy white wax-like flowers are highly fragrant and the seed pods which follow open to show brilliant coral seeds.

HARD OR SUGAR MAPLE

	Each	Per 10
3 to 4 ft. with ball.....	\$6.00	\$50.00
4 to 5 ft. with ball.....	8.00	70.00
5 to 6 ft. with ball.....	10.00	90.00
6 to 8 ft. with ball.....	\$15.00 to	\$25.00

M. Alba Superba. LARGE SAUCER (CHINESE) MAGNOLIA.

This is the variety that blooms in the spring before the leaves come out. Owing to the government embargo this variety is very scarce. Has large pinkish white flowers early in the spring.

	Each
4 to 5 ft. with ball.....	\$25.00

M. Lennei. LENNE MAGNOLIA.

Large purplish red flowers before the leaves appear in the spring.

	Each
4 to 5 ft. B. & B.....	\$25.00

M. Soulangeana. CHINESE MAGNOLIA.

Large deep pink flowers appear before the leaves come out in the spring.

	Each
4 to 5 ft. B. & B.....	\$25.00

MORUS Tatarica. RUSSIAN MULBERRY

A very hardy low growing, bushy topped tree with variety of reddish fruit.

	Each	Per 10
4 to 6 ft.....	\$1.25	\$10.00
6 to 8 ft.....	1.75	15.00

M. Alba Pendula. TEA'S WEeping MULBERRY.

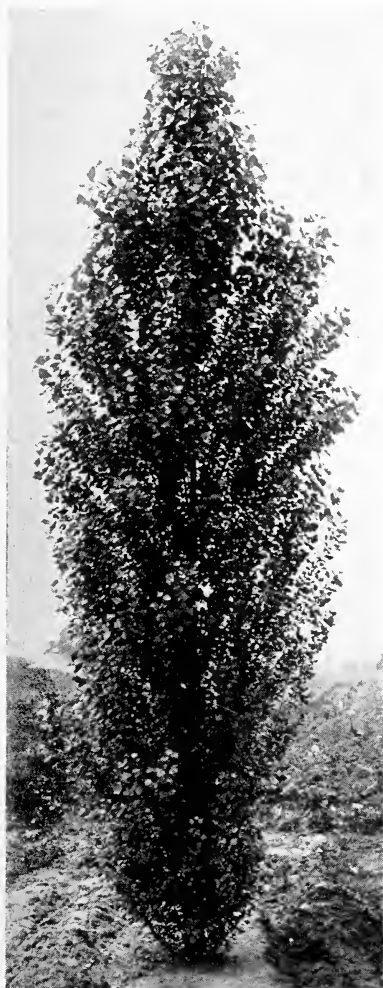

This is one of the best of the small weeping lawn trees. It forms a perfect umbrella shaped head. Foliage light green, deeply lobed. Fruit reddish purple. Thrifty and hardy.

	Each
2-year heads, each.....	\$3.75
Specimens, 3 and 4-yr. heads, each.....	\$5 to \$7.50

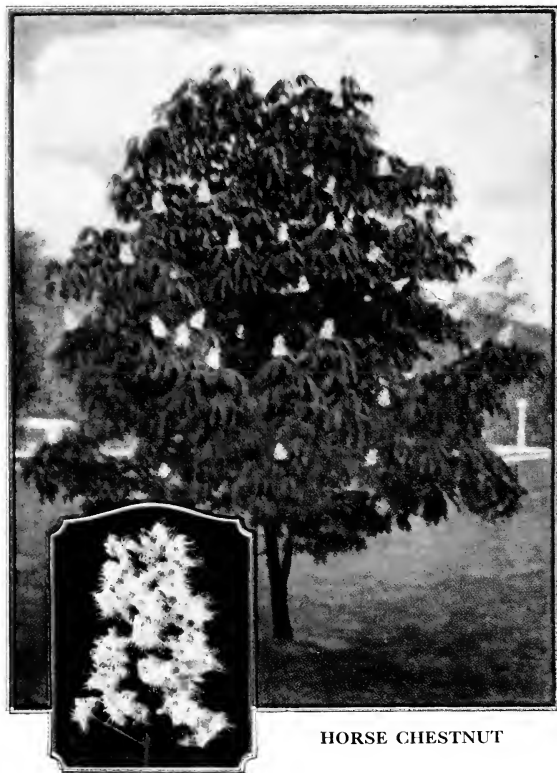

PHELLODENDRON AMURENSE. AMUR CORK TREE.

A very ornamental tree with leaves like the Ailanthus or Tree of Heaven, but without the disagreeable odor of the later.

	Each	Per 10
5 to 6 ft.....	\$2.00	\$17.50
1¼ to 1½ in. clpr.....	3.00	25.00

LOMBARDY POPLAR

HORSE CHESTNUT

PLATANUS Occidentalis. BUTTOWOOD OR AMERICAN SYCAMORE.

This is considered the hardiest tree for street or city planting.

	Each	Per 10	Per 100
8 to 10 ft.....	\$2.50	\$22.50	\$200.00
1¼ to 1½ in. Clpr.....	3.00	27.50	250.00

2 to 2½ in. Clpr.....	6.50	60.00	500.00

POPULUS Alba Bolleana. BOLLES SILVER POPLAR.

This tree is similar to the well-known Lombardy Poplar in habit, but broader. Well liked because of its ability to break the monotony of lower, round topped trees. Will grow to a tall spire, 80 feet high. Leaves are a glossy green above, silvery beneath. A favorite with landscape gardeners.

	Each	Per 10
8 to 10 ft.....	\$2.50	\$22.50
1¼ to 1½ in. Clpr.....	3.00	25.00
1½ to 1¾ in. Clpr.....	3.50	30.00

P. Alba. WHITE POPLAR.

Similar to Bolleana Poplar excepting that it grows into a spreading tree.

	Each	Per 10
8 to 10 ft.....	\$2.00	\$17.50
1½ to 1¾ in. Clpr.....	2.50	20.00

P. Monilifera. NORTHERN COTTONWOOD OR CAROLINA POPLAR.

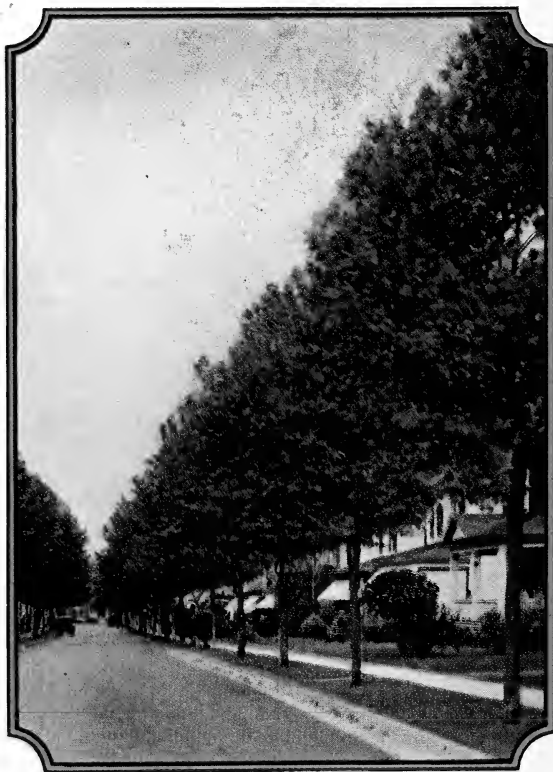

This tree is a horticultural cottonwood, pyramidal in form and vigorous in growth. Leaves are large, glossy pale to deep green. Valuable for street planting on account of their extremely rapid growth.

	Each	Per 10	Per 100
1½ to 1¾ in. Clpr.....	\$1.50	\$12.50	\$100.00

Specimens, 4 to 6 in. Clpr., each....	\$7.50 to \$10.00		

POPULUS Nigra. BLACK OR GRECIAN POPLAR.

A spreading tree with leaves the size of a Lombardy Poplar and grows more compact than the Carolina Poplar.

	Each	Per 10
6 to 8 ft.....	\$1.00	\$ 9.00
8 to 10 ft.....	1.50	12.50
2 to 2½ in. Clpr.....	3.00	25.00

SYCAMORE TREES

POPULUS Nigra Fastigiata. LOMBARDY POPLAR.

The Lombardy Poplar is a well known and old horticultural variety. Grows narrow and upright, with light green, small leaves. Grows rapidly, often reaching 100 to 150 feet. Also very popular in landscape gardening, inasmuch as it breaks the ordinary and monotonous outline of other trees.

	Each	Per 10	Per 100
6 to 8 ft.....	\$.80	\$ 7.00	\$ 60.00
8 to 10 ft.....	1.00	9.00	80.00

P. Pissardi. PURPLE LEAF PLUM.

A charming shrub or small tree, with purplish red leaves, growing about 8 to 15 feet high, of spreading, vigorous growth. Very early in the spring, before the leaves appear, the whole tree is decked out in a fleecy cloud of light pink blossoms. Its effect on a still, leafless landscape is very bright.

	Each	Per 10
4 to 5 ft.....	\$1.50	\$12.50
5 to 6 ft.....	2.00	17.50
6 to 8 ft.....	2.50	22.50

P. Virginiana. CHOKE CHERRY.

Bush or small tree not over 30 feet. Bark rough and speckled. Flowers in spring when leaves appear in short, dense racemes.

	Each	Per 10
3 to 4 ft.....	\$1.00	\$ 9.00
Specimens, 2½ to 4 in. Clpr.		
B. & B., each.....	\$10.00 to \$15.00	

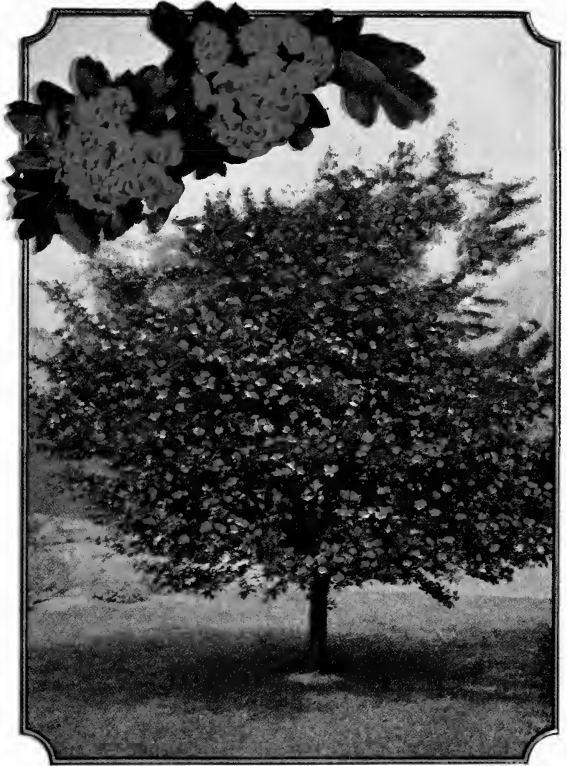

P. Serotina. WILD BLACK CHERRY.

Its flower racemes are white and fragrant. Leaves are a beautiful glossy black and the fruit is black.

	Each	Per 10
4 to 5 ft.....	\$1.50	\$12.50
2 to 2½ in. Clpr.....	4.00	35.00

P. Triloba. FLOWERING PLUM.

A very desirable and beautiful flowering shrub coming from China. It resembles the flowering almond blossoms, also in the manner in which it blooms. Early in

PAUL'S SCARLET THORN

the spring, before its leaves appear, its delicate pink petals begin to unfold and when fully open, resembles a miniature rose.

	Each	Per 10
3 to 4 ft.....	\$1.50	\$12.50
4 to 5 ft.....	1.75	15.00

PYRUS Syn. Malus Ioensis Bechteli. BECHTEL'S DOUBLE FLOWERING CRAB.

This tree seldom reaches a height of over 20 feet. Blooms in late spring with myriads of delicate pink flowers, resembling the daintiest of double roses. Blooms when quite young.

	Each	Per 10
3 to 4 ft.....	\$2.25	\$17.50
4 to 5 ft.....	2.50	22.50
5 to 6 ft.....	3.50	30.00

Note: Do not plant too deep. Read planting instructions on page 23 and 24.

AMERICAN LINDEN

PYRUS Syn. Malus Coronaria. WILD CRAB.

Has fragrant single blush blossoms.

	Each	Per 10
4 to 5 ft.....	\$1.75	\$15.00
5 to 6 ft.....	2.25	20.00
6 to 8 ft.....	4.00	30.00

P. Syn. Malus Atrosanguinea. CARMINE CRAB.

One of the best small trees, of profuse flowering habit. Very showy, with rich red-rose blossoms which smother the tree before leaves form. Red fruit about the size of a pea. Entirely hardy.

	Each	Per 10
4 to 5 ft.....	\$2.50	\$20.00
5 to 6 ft.....	3.50	30.00
6 to 8 ft.....	4.00	35.00

P. Syn. Malus Floribunda. JAPANESE FLOWERING CRAB.

Same as the above variety excepting that the flowers are a delicate rose.

	Each	Per 10
3 to 4 ft.....	\$2.00	\$17.50
4 to 5 ft.....	2.50	20.00

P. Syn. Malus Niedzwetzkyana. SINGLE PINK.

This variety has reddish foliage and pink flowers. Very attractive when in bloom.

	Each	Per 10
4 to 5 ft.....	\$2.00	\$15.00
5 to 6 ft.....	2.50	20.00

P. Syn. Malus Parkmani. PARKMAN CRAB.

Of compact form, with dark green foliage, semi-double rose-pink flowers.

	Each	Per 10
3 to 4 ft.....	\$2.00	\$17.50
4 to 5 ft.....	2.50	20.00

P. Syn. Malus Scheideckeri. SCHEIDECKER CRAB.

This variety has very double deep rose-colored blossoms.

	Each	Per 10
4 to 5 ft.....	\$2.50	\$20.00
5 to 6 ft.....	3.50	30.00
6 to 8 ft.....	4.00	35.00

QUERCUS Alba. WHITE OAK.

Broad, open head, with spreading branches. In the

fall the leaves turn purplish-brown and remain on practically all winter.

	Each	Per 10
4 to 6 ft.....	\$3.50	\$30.00

QUERCUS Palustris. PIN OAK.

This is a tall tree, with spreading branches of graceful lines. In common with the other oaks, is of rather slow growth at first, but if given good soil and room, develops into a splendid specimen. Leaves are smooth of bright green, and turn to purplish color in autumn.

	Each	Per 10
4 to 6 ft.....	\$4.00	\$35.00
6 to 8 ft.....	5.00	45.00
8 to 10 ft.....	6.00	55.00
1¼ to 1½ in. Clpr.....	6.50	60.00

Q. Rubra. RED OAK.

Stately, spreading, symmetrical tree with shining deep green leaves which turn a rich color in autumn.

	Each	Per 10
4 to 6 ft.....	\$4.00	\$35.00
6 to 8 ft.....	5.00	45.00

ROBINIA Hispida. ROSE ACACIA.

Is valued for its elegant rose-colored flowers, in long, wisteria-like racemes, which expand towards the close of May.

	Each	Per 10
2 to 3 ft.....	\$.90	\$ 8.00
3 to 4 ft.....	1.25	10.00
4 to 5 ft.....	1.75	15.00

R. Pseudoacacia. COMMON OR BLACK LOCUST.

A familiar tree of rapid growth, that thrives in any place. The pinnate foliage is light and airy. In June, the tree is fragrant with panicles of white flowers and very ornamental. Valuable for planting where quick results are wanted.

	Each	Per 10
1¾ to 2 in. Clpr.....	\$3.00	\$25.00
2 to 2½ in. Clpr.....	3.50	30.00
2½ to 3 in. Clpr.....	4.50	40.00
3 to 3½ in. Clpr.....	5.50	50.00

SALIX Babylonica. WEeping WILLOW.

This is probably the best known of the Willows; weeping habit, with long, slender, olive green branches. Often grown in cemeteries. Height, 40 feet.

	Each	Per 10
6 to 8 ft.....	\$1.50	\$12.50
8 to 10 ft.....	1.75	15.00

S. Caprea. PUSSY WILLOW.

Branches spreading and drooping, forming an umbrella shaped head. Very useful for early effects, around edges of marshy ground or grouped anywhere.

	Each	Per 10
3 to 4 ft.....	\$.80	\$ 7.00
4 to 5 ft.....	.90	8.00
5 to 6 ft.....	1.00	9.00

SALIX Blanda. WISCONSIN WEeping WILLOW.

Of drooping habit and hardier than Salix Babylonica. Valuable on account of its ability to resist severe cold.

	Each	Per 10
6 to 8 ft.....	\$1.75	\$15.00
8 to 10 ft.....	2.00	17.50
1¼ to 1½ in. Clpr.....	2.25	20.00
1½ to 1¾ in. Clpr.....	2.50	22.50

SALIX Elegantissima. THURLOW'S WEEPING WILLOW.

Hardier than Babylonica. Has a large crown with spreading habit.

	Each	Per 10
1¼ to 1½ in. Clpr.....	\$2.00	\$17.50
1½ to 1¾ in. Clpr.....	2.25	20.00

S. Pentandra (Laurifolia). LAUREL WILLOW.

Ornamental tree of upright growth; bark brownish green, leaves dark and glossy green. This is a beautiful variety and deserves a place in every garden.

	Each	Per 10
6 to 8 ft.....	\$1.50	\$12.50
8 to 10 ft.....	1.75	15.00

S. Incana (Rosmarinifolia). ROSEMARY WILLOW.

Dwarf habit, feathery branches, silvery foliage.

	Each	Per 10
3 to 4 ft.....	\$.90	\$ 8.00
4 to 5 ft.....	1.00	9.00

S. Salamoni. SALAMON WEEPING WILLOW.

One of the hardiest and best weeping willows.

8 to 10 ft.....	\$1.75	\$15.00
1¼ to 1½ in. Clpr.....	2.00	17.50
1½ to 1¾ in. Clpr.....	2.25	20.00

S. Vitellina Aurea. GOLD BARKED WILLOW.

Grows into a massy low-headed tree, light green leaves and brilliant golden-yellow bark in winter. One of the hardiest of willows.

	Each	Per 10
6 to 8 ft.....	\$1.50	\$12.50
8 to 10 ft.....	1.75	15.00
1¼ to 1½ in. Clpr.....	2.00	17.50
1½ to 1¾ in. Clpr.....	2.25	20.00
1¾ to 2 in. Clpr.....	2.50	22.50

S. Upright. BUSH FORM.

This is an upright growing willow with low spreading branches; excellent for mass or screen planting.

	Each	Per 10
6 to 8 ft.....	\$1.25	\$10.00
8 to 10 ft.....	1.50	12.50
1¼ to 1½ in. Clpr.....	1.75	15.00
1½ to 1¾ in. Clpr.....	2.25	20.00

SORBUS, Aucuparia. MOUNTAIN ASH.

Medium sized tree, with handsome, pinnate leaves, neat habit and showy crops of bright red berries. Persistent until the late winter, giving a brilliant note to the autumn landscape.

	Each	Per 10
6 to 8 ft.....	\$2.25	\$20.00
8 to 10 ft.....	3.00	25.00
1¼ to 1½ in. Clpr.....	3.50	30.00
1½ to 1¾ in. Clpr.....	4.50	40.00
1¾ to 2 in. Clpr.....	5.00	45.00

TAXODIUM Distichum. CYPRESS TREE.

Tall thin shape, soft light green foliage against Cinnamon bark. Prefers moisture.

	Each	Per 10
6 to 8 ft. with ball.....	\$7.00	\$60.00
1¼ to 1½ in. Clpr. with ball.....	8.00	70.00
1½ to 1¾ in. Clpr. with ball.....	9.00	80.00
1¾ to 2 in. Clpr. with ball.....	10.00	90.00

TILIA Americana. AMERICAN LINDEN.

A stately tree, growing to 60 and 80 feet tall, with large, shining cordate leaves. Particularly valuable for its beautiful, white wood. Flowers in July.

	Each	Per 10
6 to 8 ft.....	\$2.75	\$25.00
1¼ to 1½ in. Clpr.....	4.50	40.00
1½ to 1¾ in. Clpr.....	5.00	40.00

2½ to 3 in. Clpr.....	7.50	65.00
Specimens, each.....	\$10.00 to	\$25.00

WEeping WILLOW

WILD CRAB

ULMUS Pumila. DWARF CHINESE OR ASIATIC ELM.

This tree which was introduced by our government several years ago has become very popular. It is a rapid, graceful-growing tree, which leaves out early in the spring and holds its dark green leaves late in the fall. It is extremely hardy and because of its drought resistance and hardiness will thrive anywhere.

TEA'S WEeping MULBERRY

	Each	Per 10
8 to 10 ft.....	\$3.00	\$25.00
1¼ to 1½ in. Clpr.....	4.00	35.00

AMERICAN ELM

Evergreen Trees

WITH Evergreens, beautiful groupings can be made. However, care must be exercised in the selection of varieties and one must know the habit of growth and be able to contrast the different foliages so that the real beauty will stand out. Formerly, evergreens were used only for screens or classed as fit for cemeteries. In recent years, though, hundreds of new uses have been found for them. As backgrounds for flowering shrubs, evergreens have proven their real worth and the winter landscape is far from complete without the cheery colors and shades of the evergreen.

Our evergreens are given special care. They are handled carefully and transplanted frequently to remove any possible danger in transferring them from our nursery. Each tree is planted to insure a symmetrical growth and to guarantee its development into a shapely specimen. All are priced balled with earth and wrapped in burlap in order that they may reach you in perfect condition.

CHINESE ARBORVITAE

ABIES Concolor. WHITE FIR.

This is one of the hardiest and most beautiful of the Evergreens. Cones of purple or yellow; silvery green foliage. A rare and exceedingly choice variety.

	Each	Per 10
2 to 3 ft.....	\$6.50	\$60.00
3 to 4 ft.....	9.00	80.00

BIOTA (THUJA) Orientalis. CHINESE ARBORVITAE.

Bushy, upright in growth, fast growing and very at-

tractive. Branches arranged in flat vertical planes. Beautiful deep green color. Foliage very lacy.

	Each	Per 10
36 to 42 in.....	\$4.00	\$35.00
42 to 48 in.....	4.50	40.00
48 to 54 in.....	5.50	50.00
54 to 60 in.....	6.50	60.00
60 to 66 in.....	7.00	65.00
66 to 72 in.....	8.00	70.00
Specimens, each.....	\$10.00 to \$35.00	

AN ATTRACTIVE EVERGREEN PLANTING

DOUGLAS SPRUCE

BIOTA Orientalis Globosa. CHINESE GLOBE FORM.
This variety grows to a globe form without shearing.
Rich dark green foliage.

	Each	Per 10
42 to 48 in.....	\$7.00	\$60.00
48 to 54 in.....	8.00	70.00

B. Orientalis Compacta.

Similar to Chinese Arborvitae except that the plants are selected compact form.

	Each	Per 10
36 to 42 in.....	\$6.50	\$60.00
42 to 48 in.....	7.50	70.00
48 to 54 in.....	8.50	80.00
54 to 60 in.....	10.00	90.00
60 to 66 in.....	12.50	100.00

B. Orientalis Pyramidalis. BAKER'S PYRAMIDAL ARBORVITAE.

Similar to Chinese Arborvitae except that the plants are very pyramidal and compact in growth.

	Each	Per 10
5 to 6 ft.....	\$15.00	\$125.00

B. Aurea Conspicua.

A fine pyramidal, bright golden form. Popular because of its grace.

	Each	Per 10
3 to 4 ft.....	\$10.00	\$ 75.00
5 to 6 ft.....	15.00	125.00

B. Aurea Pyramidalis. PYRAMIDAL GOLDEN ARBORVITAE.

36 to 42 in.....	\$8.00	\$75.00
42 to 48 in.....	9.00	80.00
48 to 54 in.....	10.00	90.00
54 to 60 in.....	12.50	110.00

B. Aurea Nana. BERCKMAN'S GOLDEN ARBORVITAE.

The most popular Biota grown. It is of dwarf compact and symmetrical habit with gold tipped foliage.

Most suitable for small gardens, cemetery lots, formal plantings, or to add color in Evergreen groups.

	Each	Per 10
18 to 24 in.....	\$5.50	\$50.00
24 to 30 in.....	\$6.50	\$60.00
30 to 36 in.....	8.50	75.00
36 to 42 in.....	10.00	90.00

B. Bonita. GLOBE FORM.

This is a dwarf globe shape growing form of Chinese Arborvitae with dark green foliage.

	Each	Per 10
18 to 24 in.....	\$5.00	\$45.00
30 to 36 in.....	7.50	70.00
36 to 42 in.....	8.50	75.00

B. Rosedale Hybrid.

This is a globe form Arborvitae which has foliage resembling the Retinospora.

	Each	Per 10
30 to 36 in.....	\$6.00	\$50.00
36 to 42 in.....	7.50	70.00

B. Texana Glauca.

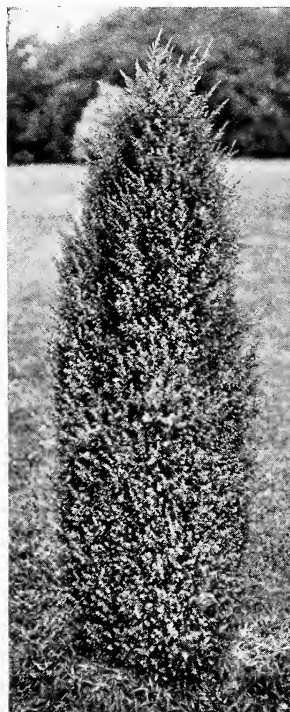

A beautiful Blue Green variety with purplish cast in autumn.

	Each	Per 10
24 to 30 in.....	\$5.00	\$40.00
30 to 36 in.....	6.00	50.00

JUNIPERUS Communis Hibernica. IRISH JUNIPER.

A distinct and beautiful variety, of erect dense, conical outline, resembling a pillar of green. A very desirable plant.

	Each	Per 10
2 to 3 ft.....	\$3.00	\$27.50
3 to 4 ft.....	4.00	35.00
4 to 5 ft.....	5.00	40.00

IRISH JUNIPER

Plants of Permanence

JUNIPERUS Chinensis. CHINESE JUNIPER.

A very handsome, upright, densely foliaged cedar type. The color is a bright green at all seasons. One of the best green upright growing Junipers.

	Each	Per 10
42 to 48 in.....	\$4.50	\$40.00
48 to 54 in.....	6.00	55.00
54 to 60 in.....	7.50	70.00
Specimens, each.....	\$8.50 to \$15.00	

J. Chinensis Pyramidalis (Columnarius). COLUMN CHINESE JUNIPER.

A new variety which grows extremely narrow and columnar. There are two distinct forms of this tree, one having green foliage, the other blue foliage. Our stock being the blue foliage variety.

	Each	Per 10
36 to 42 in.....	\$10.00	\$95.00
42 to 48 in.....	11.00	100.00

J. Communis Depressa. PROSTRATE JUNIPER.

This is a low spreading Juniper with greyish green foliage. Excellent for foundation planting or massing in front of tall evergreens.

	Each	Per 10
18 to 24 in. spread.....	\$4.00	\$35.00
24 to 30 in. spread.....	5.00	40.00
30 to 36 in. spread.....	6.00	50.00
36 to 42 in. spread.....	7.00	65.00
42 to 48 in. spread.....	8.00	75.00

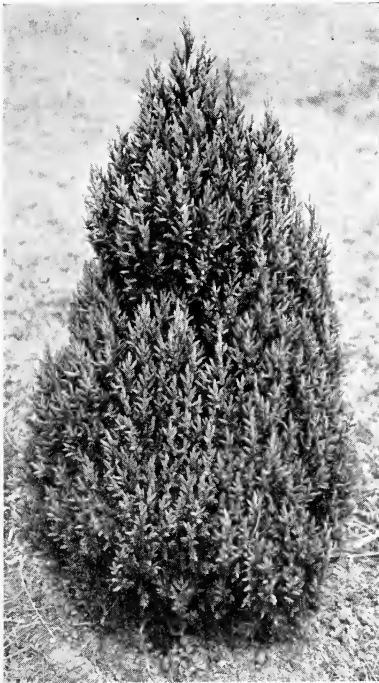

J. Communis Depressa Plumosa. ANDORRA JUNIPER.

Of recent introduction. It is a most satisfactory low growing evergreen which changes to a purple-bronze color after the first frost.

	Each	Per 10
18 to 24 in. spread.....	\$6.00	\$50.00

J. Depressa Aurea. GOLDEN PROSTRATE JUNIPER.

Identical to the above except that the foliage has a golden tint.

JUNIPERUS EX. STRICTA

PFITZER'S JUNIPER

	Each	Per 10
18 to 24 in. spread.....	\$6.00	\$50.00
24 to 30 in. spread.....	7.00	60.00

J. Communis Suecica. SWEDISH JUNIPER.

A small sized, handsome pyramidal tree, with greyish green foliage. It is very hardy.

	Each	Per 10
30 to 36 in.....	\$4.00	\$35.00
36 to 42 in.....	5.00	45.00
42 to 48 in.....	6.00	50.00
48 to 54 in.....	6.50	60.00

J. Scopulorum. PYRAMIDAL SILVER JUNIPER.

Beautiful silvery blue color, narrow, compact and symmetrical. It has one single stem in contrast to some Junipers with several stems. This makes it safe from heavy snows or winds. The inner foliage does not turn brown.

	Each	Per 10
60 to 66 in.....	\$11.00	\$100.00
66 to 72 in.....	12.50	110.00
72 to 78 in.....	14.00	130.00

J. Chinensis Pfitzeriana. PFITZER'S JUNIPER.

The finest of all evergreens for foundation and border plantings. Its adaptability to various conditions and soils is amazing. As to appearance, it is very picturesque because of its low, irregular form. It has a blue-green cast to the foliage which, when added to the graceful form, makes it one of the most desirable evergreens in our whole list.

	Each	Per 10

24 to 30 in. spread.....	6.50	60.00
30 to 36 in. spread.....	8.00	75.00
36 to 42 in.....	11.00	100.00

J. Horizontalis Douglassi. WAUKEGAN JUNIPER.

Very flat growing with soft blue foliage in summer changing to purplish bronze in autumn.

	\$10.00	\$90.00
30 to 36 in. spread.....	11.00	100.00
42 to 48 in. spread.....	12.50	110.00

**WESTOVER
DELIVERS DAY DUG**

JUNIPERUS Sabina. SAVIN JUNIPER.

A very dark green, spreading type of the Juniper family. Ideal for foundations, for groups and low borders.

	Each	Per 10
24 to 30 in. spread.....	\$5.00	\$45.00
30 to 36 in. spread.....	6.00	55.00
36 to 42 in. spread.....	7.00	65.00
42 to 48 in. spread.....	8.00	75.00
Specimens, each.....	\$15.00 to \$35.00	

J. Sabina Horizontalis.

Similar to Sabina excepting that it grows more flat. Specimens, 4 to 6 ft. spread, each \$12.50 to \$25.00.

J. Excelsa Stricta. SPINY GREEK JUNIPER.

Close growing, pyramidal form with gray-green foliage. Excellent in formal gardens.

	Each	Per 10
10 to 12 inch.....	\$2.50	\$22.50
Larger sizes quoted upon application.		

J. Virginiana. RED CEDAR.

A well known American tree which varies much in habit and color of foliage, some being conical, regular and quite stiff and others loose and irregular. Makes a fine ornamental hedge plant.

	Each	Per 10
5 to 6 ft.....	\$10.00	\$90.00
6 to 7 ft.....	11.00	100.00
Specimens, each.....	\$15.00 to \$30.00	

COLORADO BLUE SPRUCE

MUGHO PINE

J. Virginiana Cannarti.

A fine, pyramidal, compact grower of dark green appearance. Some of the branches lengthen out and droop, thus presenting a very novel and pretty picture.

	Each	Per 10
36-42 inch.....	\$8.00	\$75.00
42-48 inch.....	9.00	85.00
48-54 inch.....	11.00	100.00
54-60 inch.....	15.00	140.00
60-66 inch.....	20.00	180.00

J. Virginiana Glauca. BLUE CEDAR.

This tree is sometimes called the Blue Juniper. Its rich, light blue, silvery foliage makes it attractive the entire season, and is one of the finest blue types of the evergreen family.

	Each	Per 10
36-42 inch.....	\$8.00	\$75.00
42-48 inch.....	9.00	85.00
48-54 inch.....	11.00	100.00

Specimens, each.....	\$10.00 to \$25.00	

Plants of Permanence

PICEA Engelmanni Glauca. ENGELMANN SPRUCE.

A choice and valuable Rocky Mountain tree of dense, pyramidal growth. Has the stiff foliage of Picea pungens and in most cases, the fine glaucous color of the latter. Hardy in practically every part of the country.

	Each	Per 10
36 to 42 in.....	\$12.50	\$100.00
42 to 48 in.....	15.00	140.00
48 to 54 in.....	17.50	165.00
Specimens, each.....	\$20.00 to	\$35.00

P. Canadensis. BLACK HILL SPRUCE.

A small tree, but very handsome, having slender, pendulous branches. Very dense and compact. Suitable for cold climates and light, dry soils.

	Each	Per 10
18 to 24 in.....	\$4.00	\$35.00
24 to 30 in.....	4.50	40.00

P. Alba. WHITE SPRUCE.

Compact, upright and long-lived is this beautiful spruce. Retains its branches to the ground. Is aromatic, drought resisting and in color is light green to a glaucous blue.

	Each	Per 10
18 to 24 in.....	\$3.50	\$30.00
30 to 36 in.....	5.00	45.00
36 to 42 in.....	7.00	65.00

P. Pungens Glauca (Green Form). COLORADO BLUE SPRUCE.

This is the best and most attractive of the blue spruces. Foliage is a silvery blue, densely crowded on the many branches.

	Each	Per 10
18 to 24 in.....	\$5.00	\$40.00
24 to 30 in.....	6.50	60.00
30 to 36 in.....	8.50	80.00

STATELY DIGNITY AND CHEERY WARMTH

J. Pungens Kosteriana. KOSTER'S BLUE SPRUCE.

Magnificent, with a silvery blue sheen. Hardy in any exposure, of vigorous growth and elegant habit, with broad branches. Very scarce.
Specimens quoted on application

PINUS Austriaca. AUSTRIAN PINE.

A robust, stately tree, of rapid growth. Stiff, long dark green leaves in pairs.

	Each	Per 10
2 to 3 ft.	\$5.00	\$45.00
3 to 4 ft.	7.50	65.00

P. Mughus. MUGHO OR DWARF PINE.

A unique, Alpine species, broader than its height and sometimes almost prostrate. Forms a dark, dome shaped bush of about 5 to 8 feet broad. Used for planting on rocky banks, terrace slopes and small lawns. Particularly fine when grown at the corner of entrances.

	Each	Per 10
15 to 18 in. spread.	\$5.00	\$45.00
18 to 24 in. spread.	6.50	60.00
24 to 30 in. spread.	7.50	70.00
30 to 36 in. spread.	10.00	90.00

P. Ponderosa. BULL PINE.

An extremely handsome ornamental tree with long needles of deep green color on the surface, tinted bluish-white underneath. This is the most widely distributed evergreen in North America.

	Each	Per 10
3 to 4 ft.	\$7.50	\$70.00
4 to 5 ft.	8.00	75.00
Specimens, each.	\$10.00 to \$25.00	

P. Strobus. WHITE PINE.

This tree is perhaps the most ornamental of our native pines. The foliage is light, delicate or silvery green. Flourishes in the poorest, light sandy soil. Prices quoted upon application.

P. Sylvestris. SCOTCH PINE.

This evergreen is a native of the British Isles. It is robust, fast growing tree, with stout, erect shoots and silvery green foliage. Very hardy.

	Each	Per 10
2 to 3 ft.	\$4.00	\$35.00
3 to 4 ft.	6.00	50.00
4 to 5 ft.	8.00	70.00
5 to 6 ft.	10.00	90.00
Specimens, each.	\$12.50 to \$35.00	

PSEUDOTSUGA Douglasii. DOUGLAS SPRUCE.

This tree grows in a large conical form, with branches spreading, horizontal. Leaves are light green above,

SCOTCH PINE

glossy blue tint below. A rapid growing tree, very hardy and valuable for its adaptability to many situations.

	Each	Per 10
2 to 3 ft.	\$5.50	\$50.00
3 to 4 ft.	7.50	70.00
4 to 5 ft.	9.00	80.00
Specimens, 5 to 8 ft., each.	\$12.50 to \$35.00	

TAXUS Canadensis. YEW.

One of the hardiest of yews. Has short dark green leaves and grows spreading; prefers shade.

	Each	Per 10
24 to 30 in.	\$8.00	\$75.00
30 to 36 in.	9.00	80.00

Plants of Permanence

THUJA Occidentalis. Alba Spicata, Gold-tip arborvitae.

A beautiful symmetrical growing Evergreen with whitish-golden cast.

	Each	Per 10
18 to 24 in.....	\$4.00	\$35.00

T. Occidentalis. AMERICAN ARBORVITAE.

A beautiful, native tree commonly known as the white cedar. Especially valuable for screens and hedges.

	Each	Per 10
18 to 24 in.....	\$2.00	\$17.50
2 to 3 ft.....	3.50	30.00
3 to 4 ft.....	5.00	45.00
4 to 5 ft.....	6.50	60.00
5 to 6 ft.....	7.50	70.00

T. Occidentalis elegantissima. GOLD TIPPED ARBORVITAE.

Branches in spring tipped with yellow. Rich lustrous green otherwise.

	Each	Per 10
24 to 30 in.....	\$5.00	\$40.00
30 to 36 in.....	6.00	50.00
36 to 42 in.....	7.00	60.00

TSUGA Canadensis. HEMLOCK SPRUCE.

A broad, pyramidal, medium sized tree of dense growth, with rich green foilage. Branches are thickly set, with more less pendulous tendency, giving a very graceful effect to the whole.

	Each	Per 10
2 to 3 ft.....	\$6.50	\$60.00
3 to 4 ft.....	8.50	80.00

MAHONIA

Give "Gifts that Grow"

What finer, more distinctive gifts than living, growing things, which will bring more beauty and pleasure into the daily lives of loved ones and friends?

Trees, plants, shrubs and hardy flowers are growing in favor each year as gifts for all occasions, because they are so universally admired and desired. Let us tell you of our plan whereby you can give "Gifts that grow."

Evergreen Shrubs

BERBERIS Illicifolia. HOLLY LEAVED BARBERRY.

An ornamental shrub with holly leaflike foliage which remains on the plant practically all winter.

	Each	Per 10
24 to 30 in. B. & B.	\$3.50	\$30.00

CRATAEGUS Pyracantha Coccinea. EVERGREEN THORN.

Dense growing with thorn-armed branch-

lets. Attractive shiny, deep green foliage; Brilliant Scarlet Berries lasting till New Year.

	Each	Per 10
3 to 4 ft B & B.	\$6.00	\$55.00
4 to 5 ft B & B.	7.50	70.00

DAPHNE CNEORUM. ROSE DAPHNE.

Very low spreading plant with dark green leaves and sweet pink blossoms in spring. Excellent for border or rockery.

	Each	Per 10
2 year.	\$1.50	\$12.50

EUONYMUS PATENS. SIEBOLD BURNING BUSH.

Shrub or small tree which bears beautiful scarlet fruit in the fall.

	Each	Per 10
18 to 24 in. B. & B.	\$1.25	\$10.00
2 to 3 ft. B. & B.	1.75	15.00

ILEX Opaca. AMERICAN HOLLY.

A very ornamental shrub with upright branches and light green foliage; its bright scarlet berries remaining on the branches until mid-winter.

	Each	Per 10
2 to 3 ft., B. & B.	\$7.50	\$65.00
3 to 4 ft., B. & B.	10.00	90.00
4 to 5 ft., B. & B.	15.00	125.00
5 to 6 ft., B. & B.	17.50	150.00
Specimens, each.	\$20.00 to	\$35.00

MAHONIA Aquifolium. HOLLY-LEAVED MAHONIA.

Desirable for undergrowth in Evergreen shrub planting. Rich green foliage which turns bronze in the fall.

	Each	Per 10
18 to 24 in., B. & B		
.... \$2.50	\$22.50	
24 to 30 in., B. & B		
.... 3.50	30.00	

M. Bealei. LEATHERLEAF MAHONIA. Holly-like deep green leaves; large clusters of yellow flowers—used to border evergreens. Does well in the shade.

	Each	Per 10
12 to 18 in., B. & B.		
.... \$2.25	\$20.00	

DAPHNE CNEORUM

Correct Planting of Trees and Shrubs

THE failures experienced in the planting of Trees, Shrubs, etc., result from a want of knowledge of conditions necessary to success, or from a careless disregard of them.

Many nurserymen are blamed for what might easily have been avoided had the planter consulted the plain wants and requirements of the stock and given it at least a fair chance to grow and do well. We are interested in the success of every article we send out; we take the greatest pains to place every item in the hands of our customers in the best possible condition, and in order to furnish some precautions which our experience suggests, and urge to a more cautious and considerate culture, we give a few hints on such points as are most essential.

Preparing the Soil

No one thing is of more importance to the ultimate development of plants than thorough preparation of the soil. When the natural soil is of a poor quality, replace to a depth of about two feet with a good grade of loam. For a single plant, dig out a hole twice as large as is really necessary to contain its roots. When group plantings are to be made, dig out the whole area. Well rotted manure may be mixed into the soil to good advantage, but always avoid the use of fresh manure in contact with roots of a plant. The problem of drainage must be considered. If the natural drainage is poor, artificial drainage must be made.

Planting

At the time of planting, most plants need a little shaping, both of tops and roots. Since a portion of the root system has been cut away in digging, a corresponding portion of the top should be removed. It is best to retain the general shape of the plant, cutting away any weak or injured branches and about one-third of the previous year's growth from the end of each branch. Evergreens and stock dug with a ball of earth are exceptions. The root system should be examined and all split or bruised roots removed with a diagonal cut.

Be careful not to set the plant too deep, for failure is sure to follow. Place the plant a little deeper than the point at which it is to remain, and carefully spread out all the roots (plants dug with a ball of earth excepted), now shovel in the dirt until the roots are covered about two inches. Lift the plant up and down until the soil settles in well and no cavities remain. Throw in more earth and with a blunt stick work well in under the roots. Press down the soil with a firmer or the foot, beginning at the center of the plant and working out. When the hole is filled, to within three or four inches of the top, pour in two or three pailfuls of water. Allow this to disappear, and then fill the hole, leaving a slight depression around the plant.

In planting evergreens or other plants dug with a ball of earth, care should be taken to prevent breaking

the ball. Place the plant in the hole so that the top of the ball is not more than one inch below the level of the ground. Put in enough soil to hold the plant firmly in place. Do not remove the burlap covering from around the ball, but rip it at the top and down the sides in about three places and crowd to the sides of the hole. Fill up as described above.

Standard Trees—They vary from four to six feet in height, with naked stems or trunks, and a number of branches at the top forming a head. These branches should all be cut back to within three or four buds of their base. This lessens the demand upon the roots, and enables the remaining buds to push with vigor. Cut off smoothly all bruised or broken roots up to the sound wood.

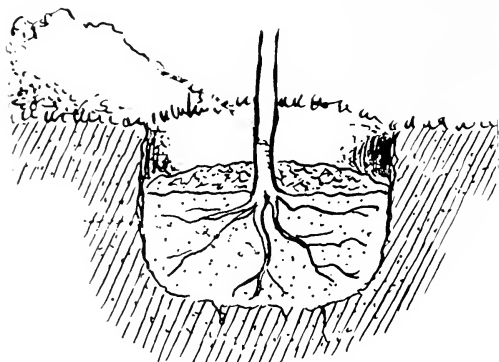

Leave about four side or scaffold branches and cut these back to six or eight inches. The middle shoot should be cut back to ten or twelve inches and left as a leader.

Planting Evergreens

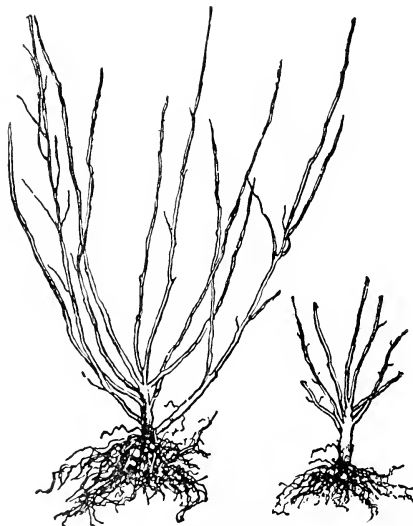

Westover — Delivers Day Dug.

Correct Planting of Trees and Shrubs (Continued)

Planting Standard Trees

Dwarf Trees, if two or three years growth, with a number of side branches, will require pruning. The branches must be cut into the form of a pyramid by shortening the lower ones, say one-half, those above them shorter, and the upper ones around the leading shoots to within two or three buds of their base. The leader itself must be shortened back one-half or more. When trees have been dried or injured much by exposure, the pruning must be closer than if in good order.

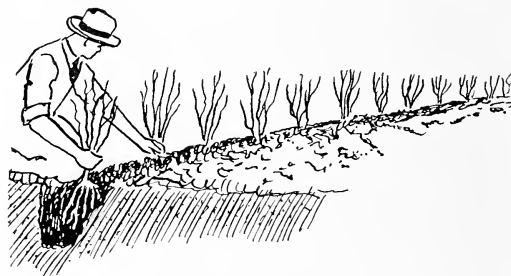

Plants having stout stems, such as hydrangeas, roses, etc., should be cut back to two or three buds, as shown above.

Staking. If trees are tall or in exposed situations, they should be supported by stakes to prevent injury from wind. Staking is done in the best manner by driving two strong stakes firmly in the ground, one on each side of the tree, about a foot from it, and fastening the tree between them with bands of straw or other soft material.

Mulching. This is properly done by placing a layer of coarse manure or litter, from three to six inches deep, about the tree, extending one or two feet further in each direction than the roots. This keeps the ground moist and of an even temperature; renders watering unnecessary and is in all respects preferable.

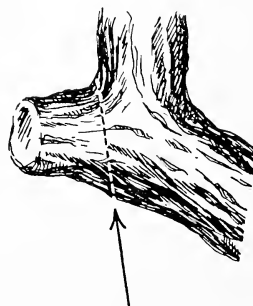

Planting a Hedge. First lay out the course of your hedge trench with stakes and white string for the double purpose of squaring up with sidewalks or boundary lines and to aid in digging in a straight line. Dig one side of trench wall straight downward, placing plants against this side to make a straight hedge. Set the plants a trifle lower than they stood in the nursery for a

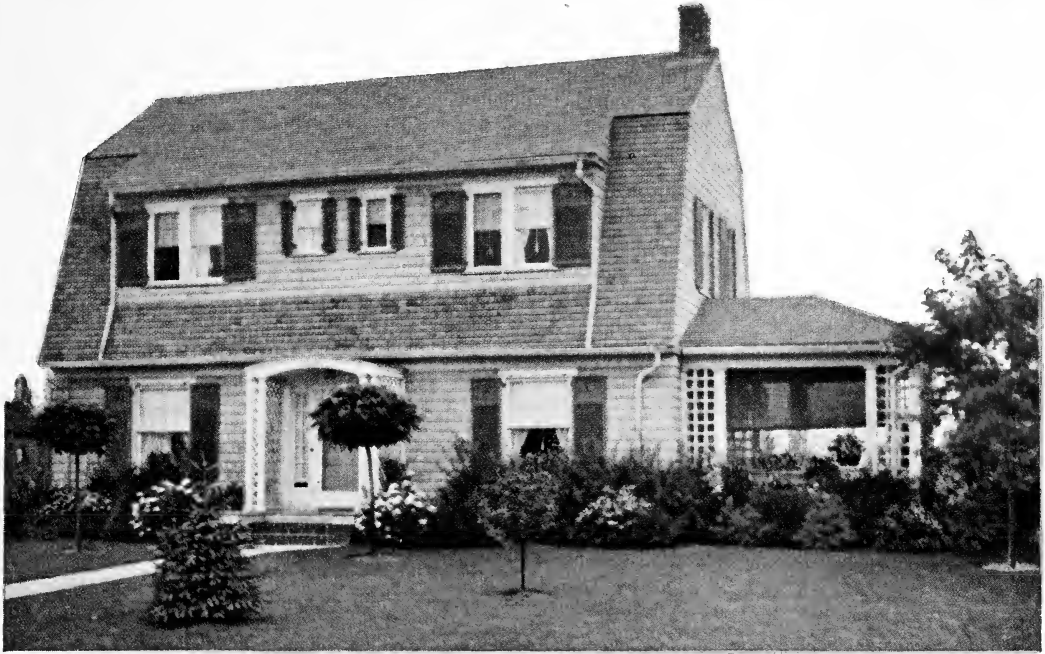

Planting a hedge in straight walled trench as an aid to setting out in straight line.

Pruning—Blooming early flowering shrubs should be pruned directly after blooming. Late flowering shrubs should be pruned early in spring while dormant. The early blooming shrubs produce bloom each year on the wood growth made the previous year. The late blooming shrubs produce bloom on the wood growth made the year of blooming. Best time to prune is immediately after blooming.

Pruning, after the first year, should be varied according to the purpose of the planter, and the variety of the trees. They should be trimmed as early as possible up to the height it is intended the future head should be, that the cutting off of large limbs may not in the future be necessary. After the removal of the lower branches till the head has reached the desired height, the only pruning needed is to remove such branches as are crossing or interfering with each other and to keep the head in symmetrical shape and open to sun and air. Trees should receive proper shape by pruning early in the spring of each year, while they are young, and very little pruning will be needed afterwards.

Do not leave a stub when you cut off a branch. It will not heal over and decay will soon eat into and destroy the limb. Prevent this by cutting close as indicated by dotted line.

IT'S NOT A HOME UNTIL IT'S PLANTED

Deciduous Shrubs

ALTHEA Syn. Hibiscus. ROSE OF SHARON.

The Altheas are fine, free-growing shrubs of very easy cultivation, and very desirable, principally on account of their flowering in August and September, a time when nearly all other trees and shrubs are out of bloom.

Comes from North China. A fine shrub, producing large white flowers in May. Difficult to propagate and always scarce, but is very hardy.

	Each	Per 10
3 to 4 ft.....	\$1.25	\$10.00
4 to 5 ft.....	1.50	12.50

FORSYTHIA Fortunei. GOLDEN BELL.

This splendid old shrub grows from 8 to 10 feet in good soil and will light up the garden with glinting masses of yellow very early in the spring before the leaves appear; 3 to 4 ft., 4 to 5 ft., 5 to 6 ft.

PRICES ON ALL FORSYTHIA:	Each	Per 10	Per 100
3 to 4 ft.....	\$.60	\$5.50	\$50.00
4 to 5 ft.....	.75	7.00	60.00
5 to 6 ft.....	.85	8.00	70.00

F. Fortunei Aurea. FORTUNE'S GOLDEN BELL.

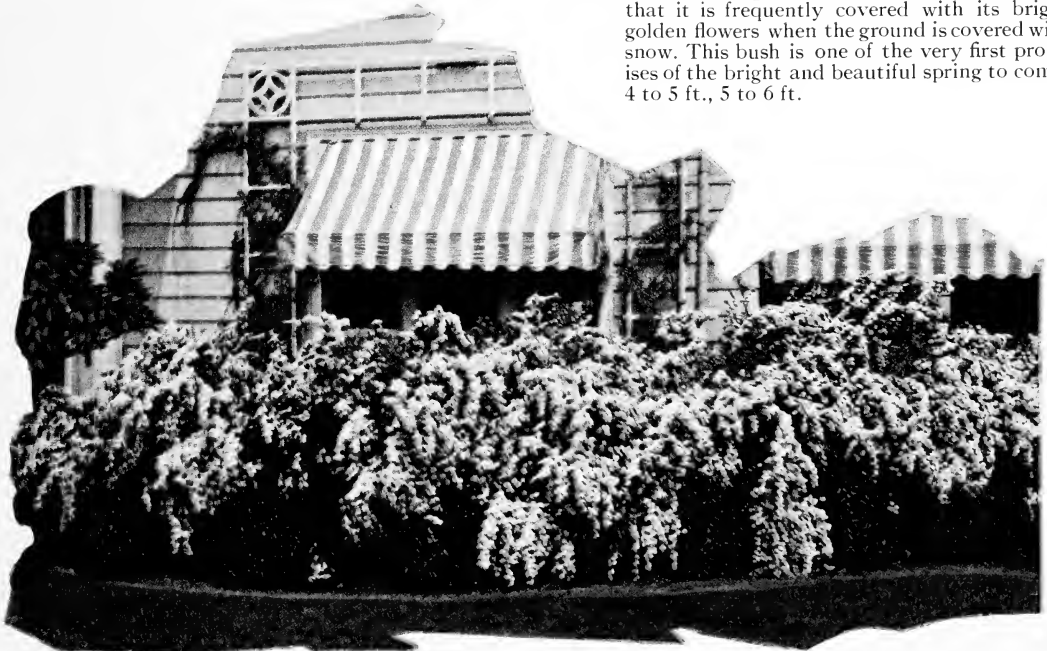

Green and yellow foliage; blooms early in the spring, usually with the Crocuses, which are frequently seen planted in front or beneath them; 3 to 4 ft., 4 to 5 ft.

F. Viridissima.

The flowers of this variety are of a little deeper yellow than in other sorts and are sometimes twisted. The leaves are deep green, longer and narrow; 3 to 4 ft., 4 to 5 ft., 5 to 6 ft.

FORSYTHIA Intermedia. BORDER FORSYTHIA.

One of the most floriferous, with slender, arching branches and dark green leaves. It blooms so early that it is frequently covered with its bright golden flowers when the ground is covered with snow. This bush is one of the very first promises of the bright and beautiful spring to come; 4 to 5 ft., 5 to 6 ft.

SPIREA VAN HOUTTEI

FORSYTHIA Suspensa. WEEPING GOLDEN BELL.

A very vigorous grower and prolific bloomer with prostrate branches. Especially good for slopes; 3 to 4 ft., 4 to 5 ft., 5 to 6 ft.

HAMAMELIS Virginiana. WITCH HAZEL.

Valuable because of its fringe-like yellow flowers which open so late in the fall when there are few other blossoms outdoors anywhere. Grows 10 to 15 feet tall. Likes a moist, sandy or peaty soil and partial shade.

	Each	Per 10
3 to 4 ft.....	\$.90	\$ 8.00
4 to 5 ft.....	1.00	9.00

HYDRANGEA Aborescens Grandiflora.

This superb new Hydrangea is absolutely hardy and moreover, of easy culture, and is an exceedingly easy bloomer. As high as 125 blossoms, with an average of six inches in diameter, have been found on a single plant at one time. Color is pure white, which is usually retained for four or five weeks. Blooms first season. Should be cut back severely in the spring.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.80	\$ 7.00	\$ 60.00
3 to 4 ft.....	.90	8.00	75.00

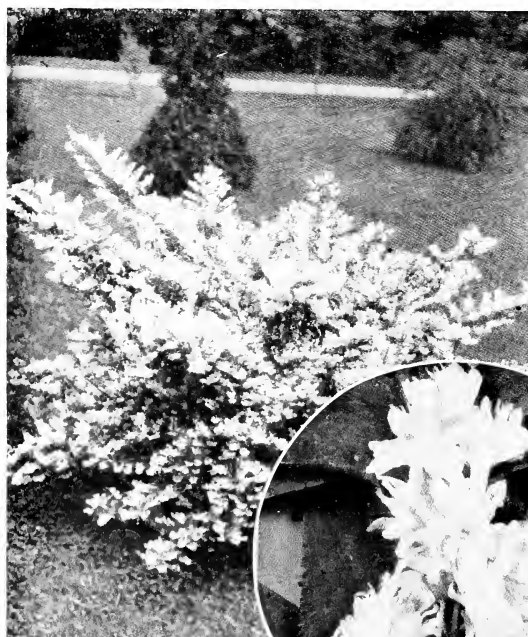

H. Paniculata Grandiflora.

Familiar to almost everyone as the most conspicuous shrub in any collection in August and September. Its massive white flowers bend the branches with their weight, with the color changing finally to pink and a bronzy green.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.80	\$ 7.00	\$ 60.00

P. Coronarius Aureus. GOLDEN SYRINGA.

A compact dwarf growing shrub, with very brilliant yellow foliage in the spring. Holds its color well. Good for contrast with dark leaved shrubs. Flowers white, in May and June.

	Each	Per 10	Per 100
15 to 18 in.....	\$.90	\$ 8.00	\$ 70.00
18 to 24 in.....	1.00	9.00	80.00

PLEASING COMBINATION OF SHRUBS AND EVERGREENS

PHILADELPHUS Gordonianus. GORDON'S SYRINGA.

Best late bloomer.

	Each	Per 10	Per 100
4 to 5 ft	\$.80	\$7.00	\$60.00
5 to 6 ft	.90	8.00	70.00

P. Grandiflorus.

Has very large flowers, slightly fragrant, branches somewhat straggling.

	Each	Per 10	Per 100
4 to 5 ft	\$.80	\$7.00	\$60.00
5 to 6 ft	.90	8.00	70.00
6 to 8 ft	1.00	9.00	80.00

P. Lemoinei. BOQUET BLANC.

A charming variety, with very large fragrant double flowers, produced in great abundance.

	Each	Per 10	Per 100
4 to 5 ft	\$.90	\$8.00	\$70.00
5 to 6 ft	1.00	9.00	80.00

P. Lemoinei Erectus.

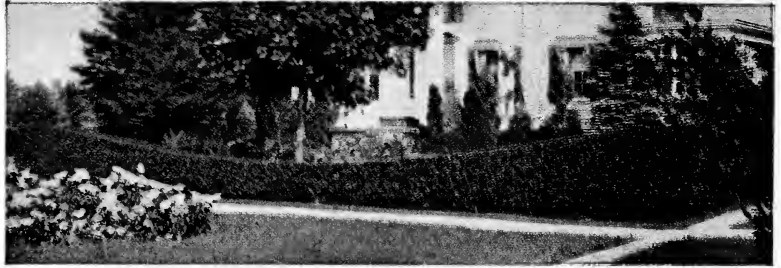

Very erect in growth. Leaves small and narrow. Branches slender and covered with white snowy flowers in May and June.

	Each	Per 10	Per 100
2 to 3 ft	\$.75	\$6.50	\$55.00
3 to 4 ft	.80	7.00	60.00

P. Nivalis. LARGE FLOWERING SWEET SYRINGA.

The stamens of this variety are cream colored, thus rendering the whole flower very white.

	Each	Per 10	Per 100
4 to 5 ft	\$.80	\$7.00	\$60.00

AMUR RIVER PRIVET HEDGE

5 to 6 ft	.90	8.00	70.00
6 to 8 ft	1.00	9.00	80.00

P. Dianthiflorus.

Of dwarf habit with semi-double flowers.

	Each	Per 10	Per 100
3 to 4 ft	\$.80	\$7.00	\$65.00
4 to 5 ft	1.00	9.00	80.00

P. Virginal. LARGE FLOWERING SYRINGA.

New variety, neat habit—the finest of this family. Blooms two inches in diameter. May and June.

	Each	Per 10
2 to 3 ft	\$.90	\$ 8.00
3 to 4 ft	1.25	10.00

PHOTINIA Villosa. RED BERRIED PHOTINIA.

A handsome shrub giving bold foliage effect. Has white flowers in June, followed by scarlet berries in autumn.

	Each	Per 10
18 to 24 in.	\$.60	\$ 5.00

PHYSOCARPUS Opulifolius Aureus. NINEBARK, OR GOLDEN SPIREA.

Tall growing. The leaves are bright yellow in spring, gradually changing to golden brown in the fall. Flowers double, white.

	Each	Per 10	Per 100
4 to 5 ft	\$.70	\$6.50	\$55.00
5 to 6 ft	.80	7.00	60.00

RHAMNUS Cathartica. BUCKTHORN.

A fine, robust, hardy shrub, of European origin, with dark green foliage, white flowers and small black fruit.

	Each	Per 10	Per 100
4 to 5 ft	\$.70	\$6.50	\$55.00
5 to 6 ft	.80	7.00	60.00

R. Caroliniana. INDIAN CHERRY.

A fine shrub with dark green foliage. Fruit red, changing to black.

	Each	Per 10
5 to 6 ft	\$1.10	\$10.00
6 to 8 ft	1.25	10.00

R. Frangula. GLOSSY BUCKTHORN.

Dense shrub with beautiful tinted foliage in fall with red and black berries in September.

	Each	Per 10	Per 100
5 to 6 ft	\$.80	\$7.00	\$60.00
6 to 8 ft	.90	8.00	70.00

RHODOTYPOS Kerrioides. WHITE KERRIA.

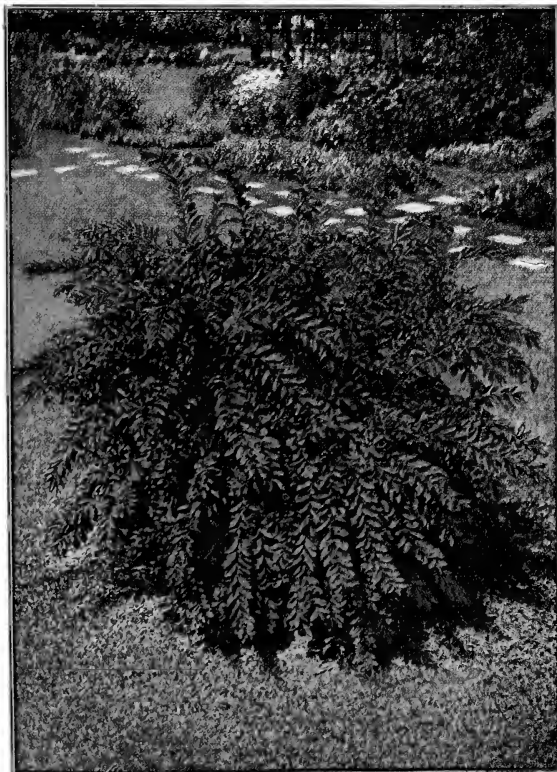

A very ornamental shrub of medium size, with handsome foliage and large, single white flowers in the latter part of May succeeded by numerous fruits.

	Each	Per 10	Per 100
2 to 3 ft	\$.80	\$7.50	\$70.00
3 to 4 ft	.90	8.00	75.00

RHUS Canadensis (Aromatica). FRAGRANT SUMAC.

A native variety, exhaling a strong odor. Flowers greenish-white; leaves lobed.

	Each	Per 10	Per 100
18 to 24 in.	\$.80	\$7.50	\$70.00
2 to 3 ft	.90	8.50	80.00

IBOTA PRIVET

Plants of Permanence

VIBURNUM OPULUS

RHUS Coppalina. SHINING SUMAC.

Beautiful shining green foliage, changing to rich crimson in autumn. Greenish yellow flowers in August.

	Each	Per 10	Per 100
4 to 5 ft.....	\$.80	\$7.00	\$60.00
5 to 6 ft.....	.90	8.00	70.00

R. Cotinus. PURPLE FRINGE.

Comes from the south of Europe and is noted for the curious fringe or hair-like flowers that cover the whole surface of the plant in mid-summer. It grows from 10 to 12 feet high and spreads so as to require considerable space.

	Each	Per 10	Per 100
2 to 3 ft.....	\$1.00	\$ 9.00	
3 to 4 ft.....	1.25	10.00	

R. Glabra. SMOOTH SUMAC.

Very effective in autumn with its crimson seeds and light colored foliage.

	Each	Per 10	Per 100
5 to 6 ft.....	\$.80	\$ 7.00	
6 to 8 ft.....	.90	8.00	

R. typhina. STAGHORN SUMAC.

Picturesque habit. Brilliant autumn foliage effect.

	Each	Per 10	Per 100
6 to 8 ft.....	\$.90	\$ 8.00	
8 to 10 ft.....	1.00	9.00	

R. Typhina Laciniata. CUT-LEAVED SUMAC.

A very striking plant of moderate size with deeply cut leaves which resemble fern leaves. Dark green above and glaucous below, turning to a rich red in autumn.

	Each	Per 10	Per 100
4 to 5 ft.....	\$.90	\$8.00	\$75.00
5 to 6 ft.....	1.00	9.00	80.00
6 to 8 ft.....	1.10	10.00	90.00

RIBES Aureum. YELLOW FLOWERING CURRANT.

A native species with glabrous shining leaves and yellow flowers.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.75	\$6.50	\$60.00
3 to 4 ft.....	.80	7.00	60.00

ROSA Blanda. MEADOW ROSE.

Pink bloom; erect habit. Red bark. Blooms in May and June.

	Each	Per 10	Per 100
2 year.....	\$.80	\$7.00	\$65.00

R. Palustris. (CAROLINA) SWAMP ROSE.

Hardy, shrubby, with pink flowers.

	Each	Per 10	Per 100
2 year.....	\$.80	\$7.00	\$65.00

R. Hugonis.

New yellow Chinese Briar. Has clean healthy foliage of the Briar type. The flowers range from deep gold to canary.

	Each	Per 10	Per 100
2 year.....	\$1.00	\$ 9.00	

R. Lucida. DWARF WILD ROSE.

The familiar wild rose. Flowers pink in June, covered with red fruit in the fall.

	Each	Per 10	Per 100
4 year.....	\$.80	\$7.00	\$65.00

R. Persian Yellow.

This is the old fashioned yellow rose which is very hardy and covered with yellow flowers in the spring.

	Each	Per 10	Per 100
2 year old.....	\$.90	\$ 8.00	

R. Rubiginosa. SWEET BRIAR.

Flowers single pink, foliage fragrant. Valuable in landscape work. Grows to a height of six feet.

	Each	Per 10	Per 100
2 year.....	\$.80	\$ 7.50	

R. Rubrifolia. RED LEAVED ROSE.

Leaves are blue-green, tinged with purplish-red. Fruit scarlet. Attractive in early winter. Very hardy and valuable for color effect in landscape.

	Each	Per 10	Per 100
2 year.....	\$.75	\$ 7.00	

COMMON SNOWBALL—Viburnum opulus sterile

ALTHEA

HYDRANGEA ARBORESCENS

ROSA Rugosa. JAPANESE ROSE.

The foliage is lustrous dark green. Flowers are borne in clusters which are succeeded by persistent fruits which carry their usefulness into winter. Valuable for landscape work.

	Each	Per 10	Per 100
2 year, No. 1.....	\$.80	\$7.00	\$60.00
4 year.....	.90	8.00	70.00

R. Rugosa Century. PINK JAPANESE ROSE.

A very beautiful flesh pink with light red center.

	Each	Per 10	Per 100
4 year, No. 1.....	\$.80	\$7.00	\$60.00

R. Rugosa. Hansa.

A beautiful deep double red Japanese rose.

	Each	Per 10
2 year.....	\$.90	\$ 8.00

R. Rugosa. Conrad F. Meyer.

A Japanese variety of a lovely silvery rose, full double with a fragrance that is wonderful. A rose of many virtues and surpassing beauty. Blooms freely.

	Each	Per 10	Per 100
2 year, No. 1.....	\$.80	\$7.00	\$60.00

R. Rugosa. F. J. Grootendorst. RED BABY RAMBLER FLOWERED RUGOSA.

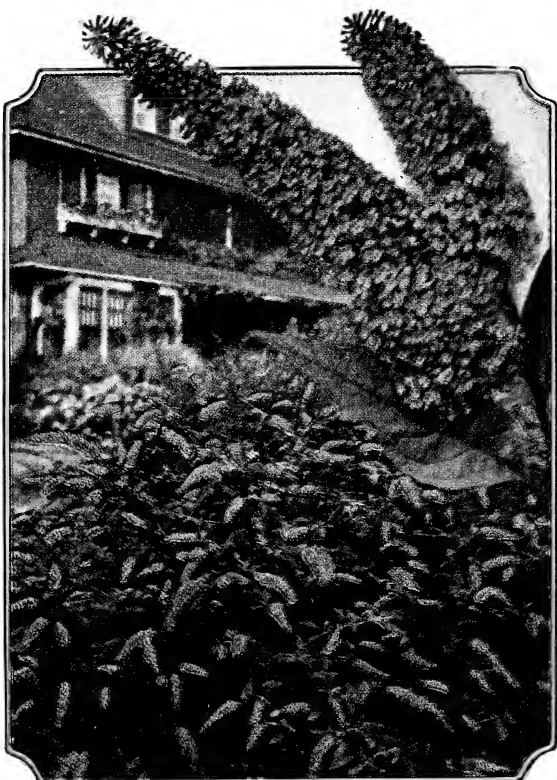

This rose is the result of crossing a briar rose with the dwarf rambler. A very hardy rose. Grows vigorously. Flowers are borne in clusters and each individual rose stands out full, clean and distinctive. Color is a decided deep red. Blooms constantly from early summer to late winter.

	Each	Per 10	Per 100
2 year, No. 1.....	\$.90	\$8.00	\$75.00
4 year.....	1.00	9.00	85.00

R. Rugosa. Belle Poitevine. ROSE PINK.

A beautiful double rose colored variety.

	Each	Per 10
2 year.....	\$.90	\$ 8.00

BUDDLEIA—Butterfly Bush

Plants of Permanence

ROSA Rugosa. Sir Thomas Lipton. WHITE JAPANESE ROSE.

Bears double, pure white flowers on long stems in early summer. Very vigorous grower.

	Each	Per 10	Per 100
4 year, No. 1.....	\$.80	\$7.00	\$60.00

R. Setigera. PRAIRIE ROSE.

Has long, slender, recurving branches. Height six feet. Blooms in profusion. Valuable in landscape work for massed plantings.

	Each	Per 10	Per 100
2 year.....	\$.65	\$5.50	\$50.00

RUBUS Odoratus. FLOWERING RASPBERRY.

A strong growing plant from three to six feet high. Leaves are very large and flowers measure about one-half inch in diameter. Flowers are rose-purple. Valuable for landscape work and effects.

	Each	Per 10
3 to 4 ft.....	\$.90	\$ 8.00
4 to 5 ft.....	1.00	9.00

SAMBUCUS Canadensis. COMMON AMERICAN ELDER.

Broad panicles of white flowers in June; reddish-purple berries in autumn. A well known native shrub.

	Each	Per 10	Per 100
4 to 5 ft.....	\$.80	\$7.00	\$60.00
5 to 6 ft.....	.90	8.00	70.00

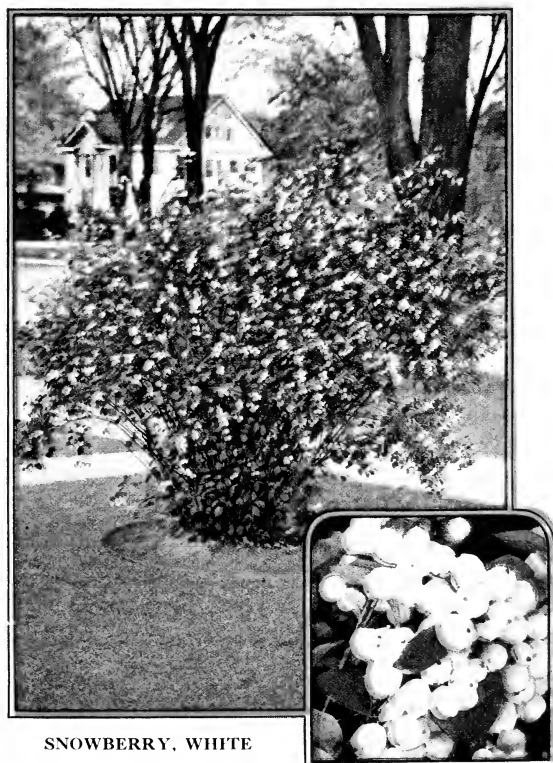

S. Nigra Laciniata. BLACK BERRIED CUT-LEAVED ELDER.

A very striking plant, of moderate size, with deeply cut leaves, resembling fern leaves. Dark green above and glaucous below, and turning to a rich red in autumn.

	Each	Per 10	Per 100
4 to 5 ft.....	\$.80	\$7.00	\$60.00
5 to 6 ft.....	.90	8.00	70.00

FORSYTHIA FORTUNEI

SNOWBERRY, WHITE

WEIGELA ROSEA

Classified Shrubs .. Adapted to City Lot .. Special Uses

The succeeding lists of shrubs and vines is in no sense complete under the various headings, but denote the types and varieties most generally known and used for certain special requirements of the average lot. Planting intervals of shrubs can be varied to meet individual requirements.

Shrubs for Foundation Planting

I. Sunny Exposure

A—High-Growing

	Planting interval
Cornus Siberica, etc.	3 -4 ft.
Deutzias—Crenata, etc.	4 -5 ft.
Exochorda Grandiflora	4 -5 ft.
Bush Honeysuckle—in variety	4 -5 ft.
Common Lilacs	4 -5 ft.
Philadelphus—in variety	4 -5 ft.
Privet—Amoor—Vulgaris, etc.	3 -4 ft.
Viburnums—Dentatum, Opulus, etc.	4 -5 ft.
Weigelas—in variety	4 -5 ft.

B—Medium Height

Hydrangeas—A. G. and P. G.	3 -4 ft.
Honeysuckle Morrow	4 -5 ft.
Philadelphus Aureus	3 -4 ft.
Privet—Regal's	3 -4 ft.
Spireas—Prunifolia, Van Houtte, etc.	3 -4 ft.
Symphoricarpos—Indian Currant, Snowberry, White	3 -4 ft.
Tamarix—African, etc.	4 -5 ft.
Weigelas—Rosea and Variegated	3 -4 ft.

C—Low-Growing

	Planting interval
Barberry, Thunberg's	2 -3 ft.
Callicarpa Purpurea	2½-3½ ft.
Deutzias—Gracilis and Lemoinei	2 -3 ft.
Kerria Japonica fl. pl.	2½-3½ ft.
Baby Rambler Roses—in variety	2 -2½ ft.
Spireas—A. Waterer, Callosa Alba, Froebeli, etc.	2 -3 ft.

II. Shady Exposure

A—High-Growing

Ibota Privet	3 -4 ft.
Viburnums—Dentatum, Opulus, etc.	4 -5 ft.
Honeysuckle—Morrowii	4 -5 ft.

B—Medium Height

Hydrangea—Arborescens Grandiflora	2½-3½ ft.
Privet—Regal's	2 -3 ft.
Rosa Rugosa and Hybrids	2½-3 ft.
Symphoricarpos—Indian Currant, Snowberry	3 -4 ft.

C—Low-Growing

Barberry Thunbergii	2 -3 ft.
Callicarpa Purpurea	2½-3½ ft.
Deutzia Gracilis	1 -2 ft.
Spirea Thunbergii	000-000 ft.
Hydrangea Arborescens	2 -2½ ft.

Shrubs for Back-Yard or Border Planting

Sunny Exposure

A—High-Growing

	Planting interval
All shrubs in Group I-A.	
Altheas—in variety	3½-4½ ft.
Cornus—in variety	3½-4½ ft.
Euonymus European	4 -5 ft.
Forsythias—in variety	4 -5 ft.
Hazel-nut (Filbert)	4 -5 ft.
Lilacs—in variety	4 -5 ft.
Spirea—Aurea	3 -4 ft.
Sumacs—in variety	4 -5 ft.

B—Medium Height

All shrubs in I-B.	
Buddleia Magnifica (Butterfly Bush)	3 -4 ft.
Deutzias—Lemoinei, etc.	2½-3 ft.

C—Low-Growing

	Planting interval
All plants in I-C.	
Clethra Alnifolia	2½-3½ ft.
Forsythia Suspensa	2½-3½ ft.
All the dwarf Spireas	2½-3½ ft.

Shady Exposure

A—High-Growing

All plants in II-A.	
Cornus—in variety	3 -5 ft.
Bush Honeysuckles—in variety	4 -5 ft.
Viburnums—in variety	4 -5 ft.

B—Medium Height

All plants in II-B.

C—Low-Growing

All plants in II-C.	
Clethra Alnifolia	2 -2½ ft.
Hdryangea Arborescens	2 -2½ ft.

Climbing and Ground-Covering Vines and Shrubs

For Ground Covering

A—Small Banks and Terraces

	Planting interval
Indian Currant	2½-3 ft.
Barberry, Thunberg's	2½-3 ft.
Forsythia, Suspensa	3 -4 ft.

B—Large Banks and Terraces

Ampelopsis	4 -5 ft.
Euonymus Radicans, etc.	2 -2½ ft.
Honeysuckles—Halleana, etc.	4 -5 ft.
Matrimony Vine	5 -6 ft.
Rosa—Wichuriana type	4 -5 ft.
All in group A (above).	

For Climbing

On porch, trellis, fence or wall. Those types which cling to wood, stone, brick or stucco—are designated by a star (*); the rest twine or need support.

*Ampelopsis—in variety (Veitchii, 4-6 ft.)	6 -10 ft.
Bignonia Radicans (Trumpet Vine)	6 -10 ft.
Evergreen Bittersweet	6 -10 ft.
Clematis—in variety	6 -10 ft.
Dutch Pipe (Aristolochia Sipo)	4 -6 ft.
Honeysuckles—in variety	8 -10 ft.
Climbing Roses—in extensive variety	6 -8 ft.
Wistarias—in variety	8 -10 ft.

Hedges: Shrubs Most Commonly Used

Informal Lines—Not Clipped

	Planting interval
Barberry Thunberg's	1 -1½ ft.
Privets—in variety	8 -12 in.
Altheas—in variety	2 -2½ ft.
Indian Currant	2 -2½ ft.
Mock Orange—in variety	2 -2½ ft.
Dwarf Spireas—in variety	1 1-½ ft.
Spirea Van Houtte	1½-2 ft.
Japan Quince	1 -1½ ft.

Clipped—Formal Design

	Planting interval
Barberry, Thunberg's	12-15 in.
California Privet	8-12 in.
Regel's Privet	12-15 in.
Amoor River Privet, north	6-7 in.

Other shrubs and various Evergreen types are used with fine effect, but these greatly increase the expense of first cost and maintenance.

Plan No. 2

- "A" 1 *Spiraea Van Houttei*, White, June.
 "B" 8 *Lonicera Morrowi*, White, June-July.
 "C" 5 *Weigelia Rosea*, Pink, June.

18 to 24 in.....	\$.60	\$5.50	\$50.00
24 to 30 in.....	.70	6.50	60.00

S. Bumaldi Anthony Waterer. DWARF SPIREA.

Low compact growing shrub. A new form of better habit than the type, with large corymbs of rosy crimson.

	Each	Per 10	Per 100
18 to 24 in.....	\$.65	\$5.50	\$50.00
24 to 30 in.....	.75	6.50	60.00
30 to 36 in.....	.80	7.50	70.00

HYDRANGEA—H. paniculata grandiflora

SPIREA Japonica (Callosa Alba).

Of dwarf, compact growth, with upright branches and bluish-green foliage; crowded with large, flat clusters of white flowers nearly all summer.

	Each	Per 10	Per 100
18 to 24 in.....	\$.65	\$5.50	\$50.00
24 to 30 in.....	.75	6.50	60.00

S. Fortunei (Callosa Rosea).

Deep rose-red flowers in close clusters, blooming nearly all summer.

	Each	Per 10	Per 100
30 to 36 in.....	\$.60	\$5.50	\$50.00
36 to 42 in.....	.70	6.50	60.00

S. Douglasi.

Upright in growth, with reddish-brown branches and narrow, oblong leaves. Bears spikes of beautiful, deep rose-colored flowers in July and August.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.60	\$5.00	\$40.00
3 to 4 ft.....	.65	5.50	50.00
4 to 5 ft.....	.75	6.50	60.00

S. Froebeli.

Of dwarf compact growth. Pink flowers with reddish foliage in the spring. Very attractive and hardier than Anthony Waterer.

	Each	Per 10	Per 100
24 to 30 in.....	\$.65	\$5.50	\$45.00
30 to 36 in.....	.75	6.50	55.00

S. Opulifolia. (SEE PHYSOCARPUS).

S. Prunifolia. BRIDAL WREATH.

Among the earliest of the double Spireas to bloom. Very graceful and plume-like in effect, branches being covered with small, double white flowers, sweeping outward in gentle curves.

	Each	Per 10	Per 100
3 to 4 ft.....	\$.80	\$ 7.00	\$ 60.00
4 to 5 ft.....	.90	8.00	70.00

S. Reevesiana, Fl. Pl.

Tall and graceful, five to eight feet high, with dark, bluish-green, lance-like foliage and large, pure double-white flowers in May and June.

SYRINGA MOCK ORANGE

	Each	Per 10	Per 100

HARDY

ACHILLEA—ptarmica (The Pearl) Double White Yarrow

ACHILLEA Boule' de Neige. MILFOIL OR YARROW.
This variety is an improvement on A. Ptarmica fl. pl. The Pearl. The flowers, although not so large, are of more perfect form with fuller centers. White. Blooms all summer. Each, \$.25; Per dozen, \$2.50.

A. Filipendulina.

Grows 3 feet tall, flat heads of brilliant yellow flowers; finely cut foliage. Blooms dried last all summer. Each, \$.25; Per dozen, \$2.50.

A. Millefolium Roseum. ROSE FLOWERED YARROW OR ROSY MILFOIL.

Rosy-pink flowers in dense heads on stems 18 inches high; effective on edge of shrubbery or in border. Each, \$.25; Per dozen, \$2.50.

AGROSTEMMA Coronaria. ROSE CHAMPION.

Purple crimson. Phlox shaped flowers, silvery foliage. June. Each, \$.25; Per dozen, \$2.50.

ALTHEA Rosea. HOLLYHOCK.

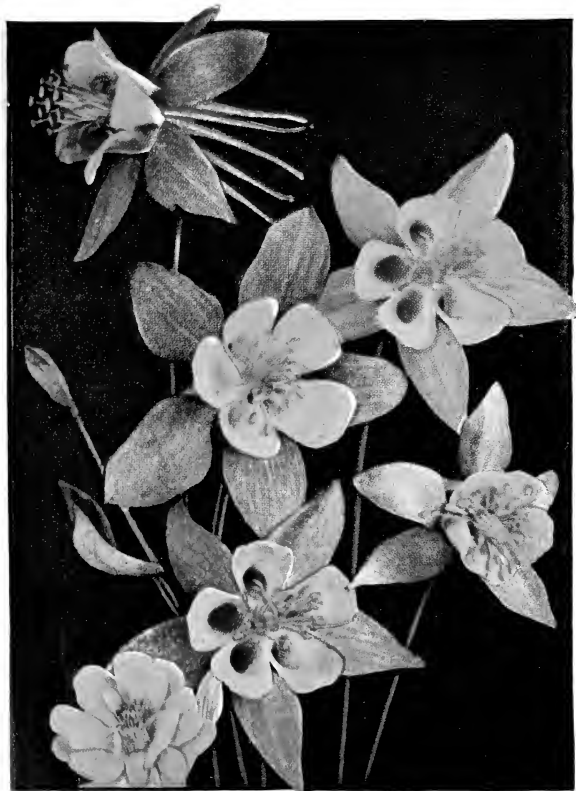

Grows from four to six feet tall. Are really a necessity to any old fashioned garden. Single and double. White, pink, salmon, yellow, maroon, red. June to August. Each, \$.25; Per dozen, \$2.50.

ALYSSUM Saxatile Compactum. DWARF GOLDEN TUFT, MADWORT.

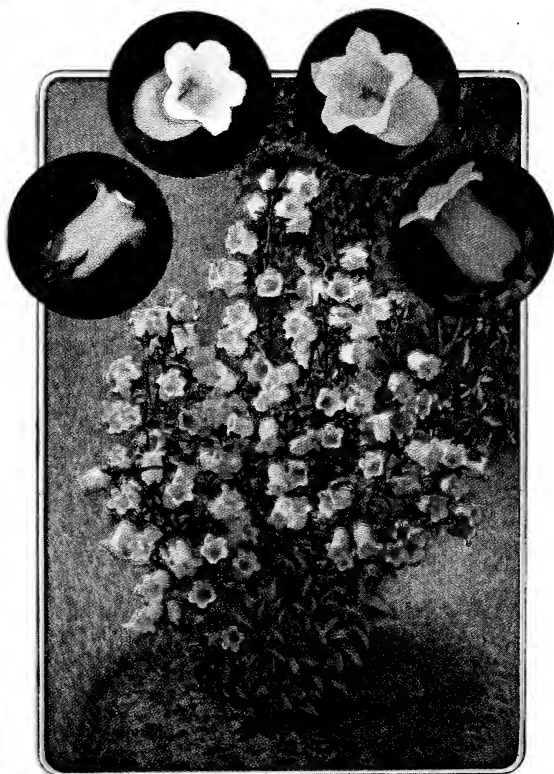

Broad masses of bright yellow flowers in early spring. An excellent plant for the rockery or in front of borders. Each, \$.25; Per dozen, \$2.50.

ALYSSUM Argenteum.

Dense growth. Leaves silvery beneath, flowers clustered in yellow heads, all summer. Each, \$.25; Per dozen, \$2.50.

COLUMBINE

CANTERBURY BELLS

PERENNIALS

ANCHUSA Italica. Dropmore.

An attractive plant with blue trumpet-shaped flowers in panicles. A continuous bloomer if not allowed to go to seed. Large, rough, broad foliage.
Each, \$.25; Per dozen, \$2.50.

ANTHEMIS Kelwayi. YELLOW MARGUERITE.

Daisy-like, golden yellow, blossoms all summer. Nice for cutting.
Each, \$.25; Per dozen, \$2.50.

AQUILEGIA Californica Hybrida. COLUMBINE.

A strain of great beauty, being a cross between the native *Coerulea* and *Chrysantha*. Flowers much larger than either. Very distinctive in coloring, from creamy-white to intense blue and rosy-purple.
Each, \$.25; Per dozen, \$2.50.

A. Canadensis. AMERICAN COLUMBINE.

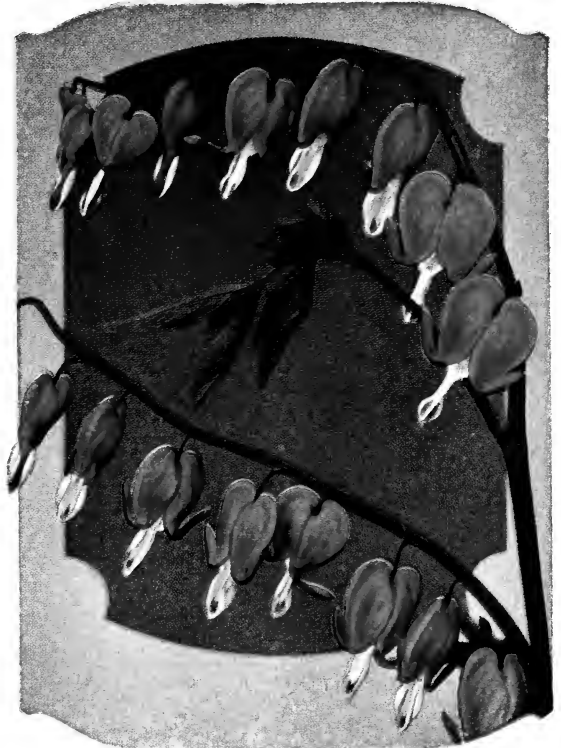

The wild Columbine of our native woods. Red and yellow. Very showy and free flowering. Fine for rockery and half-shaded places. Stems 1 to 2 feet.
Each, \$.25; Per dozen, \$2.50.

A. Chrysantha. GOLDEN COLUMBINE.

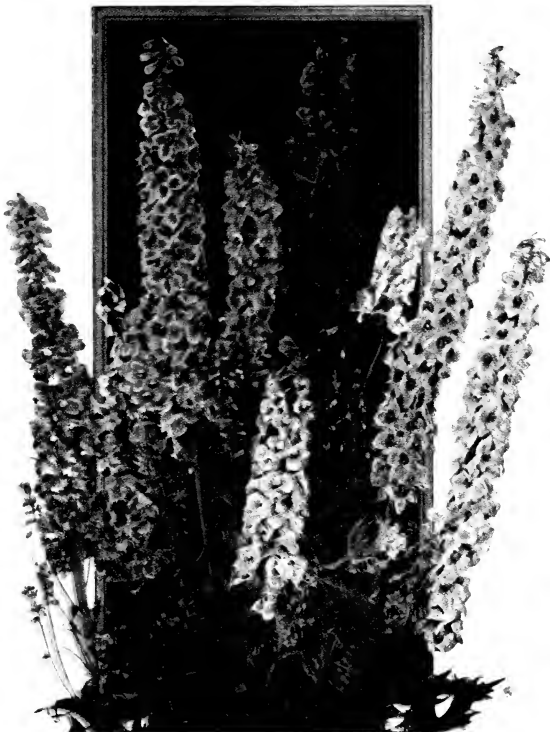

Flowers of golden yellow with long spurs, continuing through June and July.
Each, \$.25; Per dozen, \$2.50.

A. Caerulea. COLORADO COLUMBINE.

Native in the Rocky Mountains. Deep blue flowers of immense size, sometimes standing as high as two feet.
Each, \$.25; Per dozen, \$2.50.

BLEEDING HEART—*Dicentra Spectabilis*

DELPHINIUM

COREOPSIS

DIANTHUS SWEET WILLIAM

AQUILEGIA Long Spurred Hybrids.

This strain produces many shades and combinations in purples, blue, red and yellow.
Each, \$.25; Per dozen, \$2.50.

A. Nivea Grandiflora.

White; long spurred.
Each, \$.25; Per dozen, \$2.50.

ANEMONE Japonica. WINDFLOWER.

Tender perennial requiring protection in winter. Various colored flowers which bloom in September and October.
Each, \$.25; Per dozen, \$2.50.

ARABIS Alpina. ROCK CRESS.

One of the most common of rock plants but they must have a sunny position. White flowers.
Each, \$.25; Per dozen \$2.50.

ARMERIA (Statice) Formosa. SEA PINK OR THRIFT.

Each, \$.25; Per dozen, \$2.50.

ARTEMESIA Tridentata. SAGE BRUSH.

A tall growing plant of fine foliage with beautiful heads of small white flowers which fill the garden with fragrance in August and September. A splendid and graceful cut flower.
Each, \$.25; Per dozen, \$2.50.

A. Silver King.

A striking white-leaved contrast plant. A beautiful "mist" for setting off bouquets. The entire color effect is bright frosted silver, grows 3 feet high.
Each, \$.25; Per dozen, \$2.50.

ASTER. MICHAELMAS DAISIES, STARWORT.

Hardy Asters are unrivaled for their varying forms and bright colors in the perennial border during the autumn months. Wonderful shade of colors lend themselves well for cutting. Very easy to cultivate.

PRICE ON ALL ASTERS:

Each, \$.25; Per dozen, \$2.50.

A. Abendrothe.

Very effective with rosy-red flowers.

A. Lady Lloyd.

A very fine, clear rose-pink. Lasts exceedingly well.

A. Nova Anglae Purple. NEW ENGLAND ASTER.

Showy purple. Slightly branched and spreading rapidly from the roots. This autumn flowering plant is almost essential in the hardy garden.

A. Novae-anglae Roseum Superbum.

This is by far the best of the Hardy Asters. Color almost red and a profuse bloomer.

A. Novibelgi St. Egwin.

Grows 3 feet high; is of a pleasing pink and very free blooming.

A. Robert Parker.

Pale heliotrope. Blooms in September.

ASTER Mauve Cushion.

Distinct species, forming a circular cushion-like plant 2 1/4 feet across and rarely more than 9 inches high. The flowers are of a delicate mauve with silvery white reflex, and are produced in profusion.

A. Mrs. Raynor.

Crimson. Blooms in September.

A. St. Egwin.

A pleasing rosy pink; very free blooming and dwarf habit.

A. Tartarica.

A distinct, large, bluish-violet color. Very late bloomer. Height about six feet.

BAPTISIA Australis. FALSE INDIGO.

Succeeds in any garden well, growing to a height of about 3 feet. Quite compact and showy. Erect sprays of dark blue flowers in June and July, shaped like sweet peas.

Each, \$.35; Per dozen, \$3.50.

BOCCONIA Cordata. PLUME POPPY.

Most tropical looking of our hardy plants. Foliage broad and glaucous. Tall, upright habit, plant terminating in great spikes of whitish flowers. Used for backgrounds or perennial borders.

Each, \$.35; Per dozen, \$3.00.

BOLTONIA Asteroides. FALSE CHAMOMILE.

One of the finest, late flowering perennials. Tall stalks, 4 to 5 feet, surmounted by immense branched heads of flowers, similar to hardy asters. September to October.

Each, \$.25; Per dozen, \$2.50.

B. Latisquama. VIOLET BOLTONIA.

Clear lavender lilac. Grows vigorously in any soil. September to October.

Each, \$.25; Per dozen, \$2.50.

CAMPANULA Calycanthema. CUP AND SAUCER.

Large, semi-double flowers, each resembling a saucer. Pink, white and blue.

Each, \$.25; Per dozen, \$2.50.

C. Medium. SINGLE CANTERBURY BELLS.

Each, \$.25; Per dozen, \$2.50.

LILY OF THE VALLEY

CAMPANULA Carpatica. HAREBELL.

A perfect border edge and low bedding plant. Forms compact tufts of about 9 inches, covered with large erect blue flowers.

Each, \$.25; Per dozen, \$2.50.

C. Persicifolia.

Blue and white.

Each, \$.25; Per dozen, \$2.50.

C. Pyramidalis (Biennial). CANTERBURY BELLS.

Blue. Blooms in July.

Each, \$.25; Per dozen, \$2.50.

One of the finest Campanulas with large handsome bell shaped flowers.

CARNATIONS. (HARDY BORDER).

Double mixed bloom in July and August.

Each, \$.25; Per dozen, \$2.50.

CENTAUREA Montana. HARDY CORNFLOWER.

Large blue flowers on long stems, making them fine for cutting. Hardy, and bloom continuously.

Each, \$.25; Per dozen, \$2.50.

C. Montana Alba. HARDY CORNFLOWER.

Same as above excepting the flowers are white.

Each, \$.25; Per dozen, \$2.50.

C. Gymnocarpa. DUSTY MILLER.

Attractive for its grey foliage.

Each, \$.25; Per dozen, \$2.50.

C. Macrocephala.

Large thistle-like golden-yellow flowers. Useful for cutting and showy in the border.

Each, \$.25; Per dozen, \$2.50.

CEPHALARIA. (ROUNDHEAD).

Grows six feet. Has flat heads of showy cream-white flowers in July and August. Suited for rear of borders where effects are desired.

Each, \$.25; Per dozen, \$2.50.

CHRYSANTHEMUM.

There are many named varieties of these beautiful flowers. They grow from one to two feet tall in every shade of crimson, yellow, orange, pink and white, and standing out more prominent when the first killing frosts have swept the garden. A very popular flower. The pompom and button types are the earliest flowering, beginning in late August; but all varieties continue into November.

Each, \$.20; Per dozen, \$2.00.

C. Coreanum. KOREAN CHRYSANTHEMUM.

Of recent introduction. Dwarf habit and pale pink daisy-like flowers very early in the season.

Each, \$.25; Per dozen, \$2.50.

The following list will offer a wide selection.

All of our Chrysanthemums sell for:

Each, \$.20; Per dozen, \$2.00.

Large Flowering Type

Argenteuillais. Scarlet bronze tipped yellow.

Boston. Bronzy orange.

Carrie. Clear pale yellow.

Capt. R. H. Cook. Pompon. Clear dark rose.

Excelsior. Bright yellow.

Harvest Home. Large golden yellow.

Indian. Red.

Mrs. F. H. Bergen. Large pale pink with deep pink center.

Mrs. Phillips. Large daisy-like single pink with clear yellow center.

Oconto. White. Large pure white.

October Gold. Large loose golden yellow with pink sheen near base.

Old Fashioned Garden Varieties Large flowering pink, red, white and yellow.

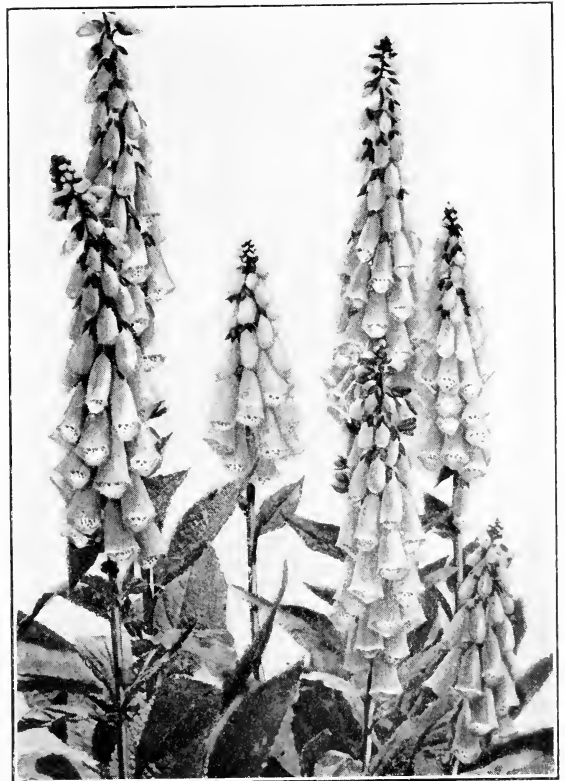

Old Pink. Rose pink.

Ouray. Brilliant dark scarlet with copper glow, very brilliant.

President. Large red.

GAILLARDIA

FOXGLOVE

PAINTED DAISY—Pyrethrum

ORIENTAL POPPY

CHRYSANTHEMUM—Continued

St. Illora. Silvery rose.

Button Flowering Type

Bettie. Pink.

Brown Bessie. Bronze.

Flora. Yellow.

Fred Peele. Yellow and bronze.

Maid of Kent. White.

Marebeau. Dark rose.

Mitzi. Small brilliant yellow.

Snowdrop. Best pure white button.

C. Leucanthemum Hybridum. SHASTA DAISY.

A free flowering plant with large showy, daisy-like flowers of white with yellow centers. This is Luther Burbank's great production. July and August.

Each, \$.25; Per dozen, \$2.50.

C. Early Elder Daisy.

Smaller than the Shasta Daisy but a more profuse bloomer.

Each, \$.25; Per dozen, \$2.50.

CONVALLARIA. LILY OF THE VALLEY.

These lilies succeed in any shady place and with no care, bear the loveliest and most fragrant of flowers. Should be mulched with manure for increase in size of flowers.

Pips, \$1.10; Per dozen, \$1.00; Per 100, \$6.00.

COREOPSIS Grandiflora.

One of the most showy of the hardy plants. Has a daisy-like flower, rich and shining yellow. A continuous bloomer, June to September. Three feet.

Each, \$.20; Per dozen, \$2.00.

DELPHINIUM. HARDY LARKSPUR.

Highly decorative as a cut flower. Its blue is too powerful for mixed planting, though used in masses, as a contrast with pink, white or a deep even red, it is beautiful. Great uniform spikes or flowers above a sea of sage-green foliage.

PRICE IN ALL DELPHINIUM, except where noted: Each, \$.25; Per dozen, \$2.50.

D. Grandiflorum Chinense. BLUE.

A very pretty dwarf variety with fine, feathery foliage and intense gentian-blue flowers in open panicles.

D. Chinensis Alba.

A pure white form of the dwarf species.

D. Belladonna.

Free blooming. Flowers are a beautiful light blue.

D. Bellamosa.

Free blooming. Flowers are a beautiful dark blue.

D. Gold Medal Hybrids.

Of strong, vigorous growth. Shades of blue. June to August.

D. Wrexham Hybrids.

The finest of Delphiniums ranging in colors from pale blue to deep indigo blue and royal purple with intermediary pastel tones of mauve, pink and lavender blendings.

Each, \$.30; Per dozen, \$3.00.

DIANTHUS Barbatius. SINGLE SWEET WILLIAM.

A well known, attractive, free flowering, hardy perennial. All colors. May and June.

PRICE ON ALL DIANTHUS EXCEPT WHERE NOTED:

Each, \$.25; Per dozen, \$2.50.

D. Deltoides. MAIDEN PINK.

A beautiful little plant with narrow leaves and bearing a profusion of small crimson flowers.

D. Elsie.

Double pink.

Plants of Permanence

DIANTHUS

D. Latifolius Artococcineus.

Crimson. All summer. Vigorous.

D. Plumarius. SCOTCH OR CLOVE PINKS.

Bear sweet clove-scented flowers during May and June. Good for edge of hardy border and for cutting. One foot high. Assorted colors.

D. Allwoodii.

Flowers larger and more substantial than the old type and if kept picked will bloom all summer.

Each, \$.30; Per dozen, \$3.00.

DICENTRA Spectabilis. BLEEDING HEART.

The old fashioned favorite, with long racemes of graceful, heart-shaped pink flowers. Does well in shade. Blooms in May. Height two feet.

Each, \$.65; Per dozen, \$7.00.

DIGITALIS Ambigua. FOX GLOVE, YELLOW.

Old fashioned, dignified and stately. Good in any garden. 3 to 4 feet high. July to August.

Each, \$.25; Per dozen, \$2.50.

D. Gloxinaeflora.

A beautiful strain of the Gloxinia Foxglove, purple. Blooms in July.

Curious and interesting plants forming rosettes of succulent leaves. Good for rockeries, dry banks, carpet bedding or walls.
Each, \$.50; Per dozen, \$5.00.

Spiraea filapendula. GOAT'S BEARD OR MEADOW SWEET.
Elegant border plant with feathery panicles of white flowers forming graceful plumes.
Each, \$.35; Per dozen, \$3.50.

STACHYS Lanata. WOUND WORT.
Each, \$.25; Per dozen, \$2.50.

STATICE Latifolia. SEA LAVENDER.
Grows 15 to 18 inches high in clumps of thick leathery foliage, with loose panicles of tiny delicate blue flowers in heads 18 inches or more across.
Each, \$.25; Per dozen, \$2.50.

STOKESIA Cyanea. STOKES ASTER.
A native plant 18 inches high, bearing flowers freely from early June until September. Handsome lavender-blue.
Each, \$.25; Per dozen, \$2.50.

SEDUM SPECTABILIS

STOKE'S ASTER

SPIREA (ASTILBE).

Handsome border plants with most attractive foliage and substantial, long lasting, plume-like spikes of foliage.

Each, \$.50; Per dozen, \$5.00.

A. Japonica. White.

A. Pink Beauty. Pink.

TRILLIUM Grandiflorum. SNOW TRILLIUM.

Usually large white flowers. Very handsome. Excellent for shady positions.

Each, \$.10; Per dozen, \$1.00.

TRITOMA Pfitzeri. RED HOT POKER PLANT OR TORCH LILY.

Coral. Vies with the canna for attractiveness and brilliancy.

Each, \$.30; Per dozen, \$3.00.

VALERIANA Coccinea.

Blooms all summer. Produces snowy heads of rose tinted white flowers.

Each, \$.25; Per dozen, \$2.50.

V. Officinalis. HARDY GARDEN HELIOTROPE.

Produces showy heads of white flowers during June and July with delicious, strong heliotrope odor.

Each, \$.25; Per dozen, \$2.50.

VERBENA venosa. HARDY VERBENA.

Reddish purple.

Each, \$.25; Per dozen, \$2.50.

VERONICA Longifolia Subsessilis. SPEEDWELL.

Blue. August to October. The showiest and best of all the Speedwells. Forms a bushy plant two to three feet high with long, dense spikes of deep blue flowers.

PRICES ON ALL VERONICAS:

Each, \$.25; Per dozen, \$2.50.

V. Amethystina.

Blue. Blooms in June and July.

V. Candida.

Gray foliage, blue flowers.

V. Repens.

Grows one to two inches high. A useful rock or carpeting plant with blue flowers.

Each, \$.25; Per dozen, \$2.50.

V. Longifolia.

Blue. June to August.

VINCA Minor. MYRTLE.

An excellent dwarf evergreen used extensively in carpeting the ground, under shrubs or trees or on graveyards. Thrives where it is too shady for other plants to live.

Each, \$.15; Per dozen, \$1.50.

VIOLA Jersey Gem.

New everblooming hardy tufted pansy, very dwarf and blooms on and off throughout the year. Color is pure rich violet and slightly perfumed.

Each, \$.30; Per dozen, \$3.00.

VIOLA Odorata, Princess of Wales. SWEET VIOLET.

Hardy, dark purple and sweet scented.

Each, \$.20; Per dozen, \$2.00.

YUCCA Filamentosa. ADAM'S NEEDLE.

Handsome, stately, almost evergreen. Tropical appearing plant. Perfectly hardy. Flower stems from three to six feet. June and July.

Each, \$.40; Per dozen, \$4.00.

Large Specimens.

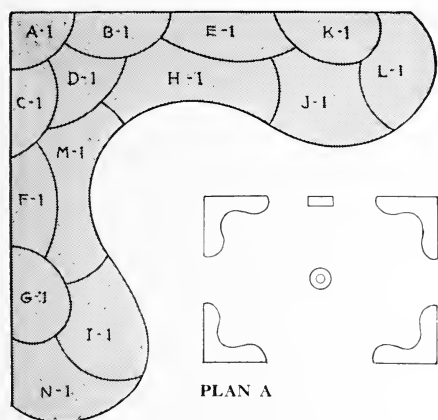

Each, \$1.00; Per dozen, \$10.00.

YUCCA—Adam's Needle

A CHARMING GARDEN OF HARDY PERENNIALS

Fruits

THE growing of hardy fruits has been increasing every year, and with the improved methods and improved varieties, success is almost an assured fact. Our stock of all the various fruit trees, vines and plants are in the best of condition, well rooted and free from disease, and grown under the most improved methods. You can be sure of getting just what you want when you order from us, along with the highest quality and reasonable prices.

APRICOTS

	Each	Per 10
2 year, 4 ft.	\$1.00	\$ 9.00

Moorpark.

Of large size; color orange yellow, with red cheek; firm, juicy and rich flavor.

APPLES

The Apple has rightfully been hailed the king of fruits. In its long continuance throughout the year and in its various uses, it possesses an importance not equalled by any other fruit. Many good apples in one section are not so good in another. Therefore, we have listed, in our descriptions, both the good and bad points of each variety. You may safely depend upon them.

BALDWIN APPLE

PRICES ON ALL APPLES:

	Each	Per 10
2 year, 5 to 6 ft.	\$.80	\$ 7.00

Arkansas Black. WINTER.

Beautiful dark red, late keeping and of very good quality, demanding a good price on the market. Fruit large and very uniform in size and shape. Flesh yellow and sub-acid.

BALDWIN. WINTER.

An old reliable variety of good size, attractive color and good quality. One of the leading commercial varieties.

BEN DAVIS. WINTER.

A very vigorous hardy variety. The shape is oblong; color red striped and is mild and sub-acid.

FAMEUSE. WINTER.

A heavy bearer with dark red fruit and white tender crisp flesh which is sub-acid, making it a delicious eating apple.

DUCHESS OF OLDENBURG. AUTUMN.

A good summer cooking apple with medium to large red fruit. Tree is very hardy and a good bearer.

YELLOW TRANSPARENT. EARLY.

One of the best extra early apples. Splendid for culinary uses and dessert. Excellent for home or commercial orchard. Apple sauce made from this variety is better than any others. Skin smooth, waxy, pale greenish yellow changing to an attractive yellowish white. Flesh moderately firm, fine grained, crisp and tender. Sub-acid taste with a pleasant favor.

GANO. WINTER.

A superior variety of the Ben Davis. Skin a smooth, waxy and pinkish red. Flesh is rather coarse, whitish and firm, good in quality. Tree a very vigorous grower and prolific bearer.

APPLE—Continued

GRIMES GOLDEN. EARLY WINTER.

Fruit medium to large. Color is a clear, deep yellow with scattering pale or russet dots. Flesh moderately juicy, firm, crisp and tender. Fine for desserts or culinary purposes. One of the best pure yellow winter apples. Fine for either commercial or home orchard.

JONATHAN. EARLY WINTER.

One of the most desirable for fancy trade during holiday season. Fruit medium to small, rarely large, and of a pale yellow color, over-laid with red and striped with carmine. Flesh is firm, crisp and tender, juicy and very aromatic. Fine for table use or for culinary purposes. Reliable biennial cropper, coming into bearing rather young. Season, November to January.

DELICIOUS. WINTER.

This is a large apple with a surface covered with a brilliant dark red, blending to golden yellow at the blossom end. The tree is hardy, healthy and vigorous and bears regular annual crops. Flesh is fine grained, crisp and melting, juicy and wonderfully aromatic. Keeping qualities good.

RED JUNE. EARLY.

Medium size, red; flesh white, tender, juicy, sub-acid and abundant bearer. July.

STAYMAN'S WINESAP. WINTER.

One of the finest apples for fancy trade. Of uniformly handsome appearance. Fruit, when well colored, a deep, almost purplish red. Flesh yellow, firm and crisp, of a distinctive, mildly sub-acid flavor and inclined to be dry. Tree a favorite in Middle-West and South, but will grow and do well almost anywhere. A reliable annual bearer, beginning young.

WEALTHY. AUTUMN.

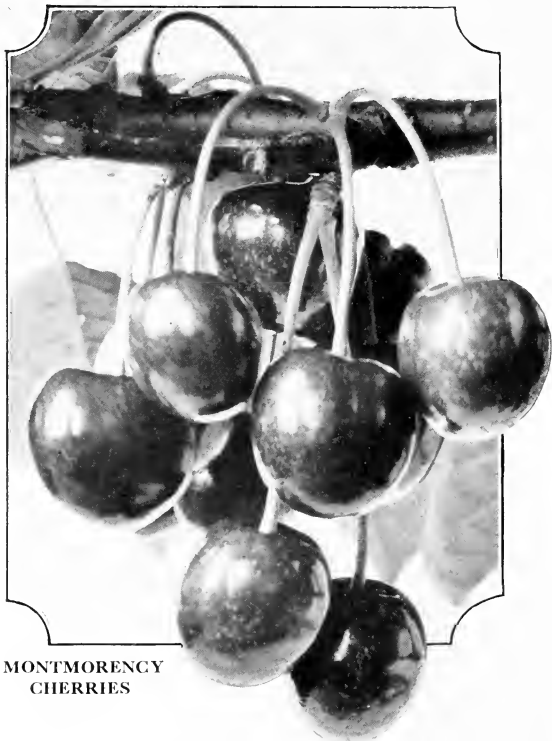

Valuable in cold climates where a hardy tree is needed. Fruit a very attractive red and yellow color and of good quality.

YORK IMPERIAL. WINTER.

This is rapidly becoming an important commercial variety. Fruit greenish-yellow, nearly covered with bright red. Crisp, tender, aromatic and juicy. A good keeper. Tree is a vigorous grower and exceedingly productive, holding its fruit remarkably against wind. Not recommended for the extreme north.

ELBERTA PEACHES

MONTMORENCY
CHERRIES

CRAB APPLE

HYSLOP.

Large, deep crimson, with beautiful bloom. Very prolific and popular. A showy fruit that makes the finest kind of jelly. Mid-autumn to January. Tree hardy, vigorous and productive.

	Each	Per 10
.....	\$.90	\$ 8.00

YELLOW SIBERIAN.

Fruit small, round; flavor sour and acid; excellent for jelly, but too small for other purposes.

	Each	Per 10
.....	\$.90	\$ 8.00

PEACHES

PRICES ON ALL PEACHES:

	Each	Per 10
5 to 6 feet.	\$.75	\$ 6.00

BELLE. BELLE OF GEORGIA. JULY.

The best early market peach. A standard commercial variety, planted by nearly all growers, ripening with Old Mixon, which it has largely superseded. Fruit very large, white with red cheek, very free stone. Fair quality.

CHAMPION. AUGUST.

The earliest, iron-clad peach. Remarkable for its size and free stone of high quality. White, with red cheek. Season, late August. Unexcelled for canning.

CARMAN. JULY.

One of the hardiest, most reliable market peaches. Large, rich, juicy and of fair quality. Yellow-white, with deep blush. Skin very tough, making a good shipper and free from rot.

FRUIT TREES ARE DECORATIVE AS WELL AS PRODUCTIVE

PEACH—Continued

CRAWFORD EARLY. AUGUST.

Has long held its position as the favorite yellow free stone. Fruit highly flavored, rich and abundantly juicy. Very large, golden yellow, blushed with dark red. Tree healthy and vigorous, but a relatively spare bearer. Season, late August to early September.

ELBERTA. AUGUST.

The peer of all commercial peaches. Mid-season, extra large, light yellow with red cheek, a perfect free stone. Tree vigorous and prolific, and succeeds universally wherever peaches can be grown.

GREENSBORO. JULY.

The most popular July peach. A white-fleshed, free stone. Fruit large and showy. Ships and stands up well. Skin greenish white, blushed and striped with red. Tree enormously productive and early bearing.

J. H. HALE. AUGUST.

One of the largest of peaches. Superior to Elberta in size, firmness and shipping qualities. Yellow and red coloring. Very attractive but is not as prolific as a commercial fruit should be. Flesh fine grained and quality good.

HEALTH CLING. SEPTEMBER.

The oldest named American Peach. Valuable for its hardiness, freedom from disease and excellence for preserving or pickling. Color creamy white blushed with red. Ripens very late, about three weeks after Elberta.

ROCHESTER. AUGUST.

A large handsome yellow freestone, having the high quality of the Early Crawford and the productiveness of the Elberta. Excellent home Orchard and commercial variety. The fruit large, yellow mottled with red with thick, firm juicy flesh, rich and sweet in flavor.

PEARS

PRICE ON ALL PEARS:	Each	Per 10
2 year, 5 to 6 ft.....	\$1.00	\$ 9.00

ANJOU.

A large, fine pear, with buttery, melting flesh, having a sprightly flavor. Tree a fine grower and very productive. One of the best of the season.

BARTLETT.

Fruit is large, yellow with a beautiful blush. Flesh very buttery, juicy and has a rich, musky flavor. Vigorous and erect grower. Fine for garden or commercial use. Bears early and abundantly. A leader among canning pears. August and September.

DUCHESS.

Very large, greenish-yellow, russeted. Flesh melting and sweet. A beautiful tree and a heavy bearer. Does its best as a dwarf. Season. October and November.

SECKEL.

Small, but universally popular. Rich, yellowish brown. One of the best and highest flavored pears known. Very productive. September and October.

CLAPP'S FAVORITE.

A large, fine pear, resembling the Bartlett, but without its musky flavor. Pale lemon yellow, with brown dots, and fine texture. Flesh melting and juicy. Has a delicate flavor. Tree hardy and productive. Season, August and September.

GARBER.

A Japanese hybrid. The best and handsomest of its class. Earlier than Kieffer, larger and much better quality. Tree very hardy, vigorous and productive.

KIEFFER.

The most popular market pear ever grown. Fruit of good size, rich color and fair quality. Should be picked at maturity and ripened indoors. Tree a rapid grower anywhere, vigorous and seldom blights. Season, October and November.

BARTLETT PEAR

CHERRIES

PRICE ON ALL CHERRY:	Each	Per 10
2 year, 4 ft.....	\$1.35	\$12.50

BLACK TARTARIAN.

More largely planted than other sweet cherry. Dark red, almost purple. Medium size. Quality very good. Vigorous and productive. Season, late June-July.

MAY DUKE.

The "Dukes" as a class are intermediate in favor between the sweet and sour varieties of cherries. This can be considered one of the best of them all, as well as the earliest. Large, dark red, rich, juicy and excellent. Tree is a reliable producer. Season, June.

MONTMORENCY.

The most popular sour cherry in America. Large, light red. Flesh tender, sub-acid and of best quality. Season, end of June to July. Tree hardy and enormously productive.

ENGLISH MORELLO.

The standard late sour cherry. The fruit is very dark red, becoming almost black in color. The trees are hardy and very dwarf in habit.

EARLY RICHMOND.

The earliest popular sour cherry. Medium sized red, quite acid. Hardy, healthy and very productive. Season, mid-June.

GOV. WOOD.

Size large to very large. Rich, light yellow amber, blushed red. Excellent quality. Season, late June.

WINDSOR.

Deep purple. Large, firm and of high quality. The leading late sweet cherry and claimed to be the hardiest. Tree a prolific bearer.

PLUMS

PRICE ON ALL PLUM:	Each	Per 10
2 year, 5 to 6 ft.....	\$1.00	\$ 9.00

SHROPSHIRE DAMSON.

A well known English variety. One of the best for preserving. Tree a poor grower but hardy, self-fertile and productive when under good culture. Season, early October.

GERMAN PRUNE.

Probably the oldest plum grown. Known in every civilized country. Skin is a purple black with beautiful bloom. Flesh is firm, sweet and mild. Tree fairly hardy, holds its fruit well, inclined to overbear. Late.

ABUNDANCE.

One of the most successful of the commercial varieties. Flesh is yellow, sweet and melting, and withal, very tender and juicy. Vigorous grower, hardy and prodigiously productive. One of the earliest.

WICKSON.

Originated by the late Luther Burbank of California. Stands pre-eminent among the various Japanese varieties. Tree hardy and upright. A strong grower. Very productive. Fruit largest of all the Japans. Flesh is dull yellow and meaty. Destined to become one of the most valuable plums for the market. Tree somewhat tender in cold climates. Middle of Sept.

WILD GOOSE.

Large, deep red when ripe; good quality; one of the best native plums. Should be in every orchard.

BURBANK.

One of the largest of the Japanese varieties. Of uniform, attractive red color mottled over a yellow ground. Flesh is a deep lemon-yellow of excellent quality, yet firm and good shipper for so large a fruit. Tree is a vigorous grower and very productive. Reliably self-fertile. Season, late Aug. to Sept.

RED JUNE.

A very vigorous upright grower; productive, fair size; vermilion red; pleasant quality.

QUINCE

	Each	Per 10
2 year.....	\$1.25	\$12.50

ORANGE. APPLE QUINCE.

The most popular and extensively cultivated old variety. Fruit is large, round, bright yellow-golden color, cooking tender, and of excellent quality. Tree is hardy and a very reliable grower.

Small Fruits

C. CHERRY. CURRANTS

An old favorite. Of the largest size, but not as productive as its rivals. Plant of slow, sturdy growth, holding its fruit well up from the ground. Should be picked when first turning red. Fruit very acid and desirable for jelly making.

	Each	Per 10	Per 100
2 year.....	\$.25	\$2.00	\$15.00

C. FAY'S PROLIFIC.

A cross between Cherry and Victoria. A most prolific and popular commercial variety. Berries of large size and fine sub-acid flavor. A healthy, vigorous grower.

	Each	Per 10	Per 100
2 year.....	\$.25	\$2.00	\$15.00

C. PERFECTION.

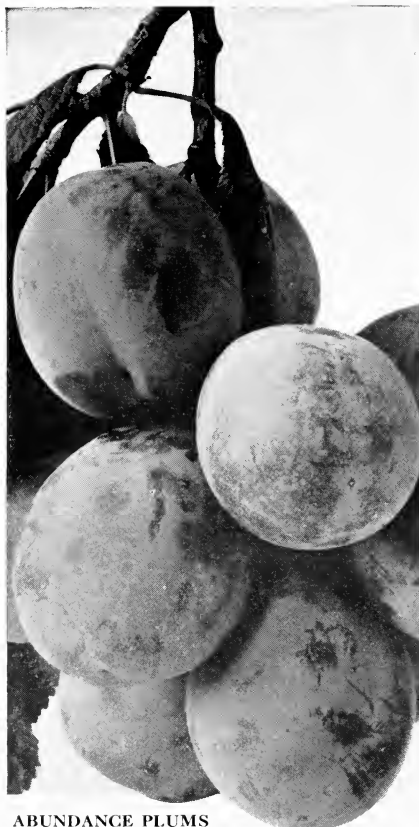

Large beautiful bright red berries. Has a rich, mild, sub-acid flavor, with plenty of pulp and few seeds.

	Each	Per 10	Per 100
2 year.....	\$.35	\$3.00	\$25.00

C. WHITE GRAPE.

The best of all white currants. It is an excellent dessert variety because of its mildly acid flavor. Large clusters of golden green or white berries. Prolific bearer.

Each, \$.25; Per 10, \$2.00; Per 100, \$15.00.

ABUNDANCE PLUMS

AGAWAN. GRAPES

One of the most reliable. Purplish-red, of striking appearance and a very large berry. Sweet—ripens soon after the Concord—and a good keeper.

	Each	Per 10	Per 100
2 year, No. 1.....	\$.25	\$2.00	\$15.00

CONCORD.

Still the most popular grape in America. It will adapt itself to almost any conditions. Bunch and berry large, fair quality with rich bloom. Healthy and hardy and a very strong grower. Each Per 10 Per 100

2 year, No. 1.....	\$.20	\$1.50	\$10.00
--------------------	--------	--------	---------

CAMPBELL'S EARLY.

A strikingly handsome large black August grape with a fine bloom. Tough skin and a good shipper. Flesh sweet, though not highly flavored. Must be pruned closely. Inclined to overbear. Excellent commercial sort for northern climates. Each Per 10 Per 100

2 year, No. 1.....	\$.35	\$3.00	\$25.00
--------------------	--------	--------	---------

CATAWBA.

A well known, late-ripening, chocolate colored grape of a rich, musky flavor. Demands high culture, a warm situation and a long season in which to properly mature. Each Per 10 Per 100

2 year, No. 1.....	\$.25	\$2.00	\$15.00
--------------------	--------	--------	---------

MOORE'S EARLY.

One of the best early blacks in the trade, selling for Concord but two weeks ahead of them and not as productive. Bunch medium size, inclined to looseness. Quality fairly good. Vine vigorous and hardy.

	Each	Per 10	Per 100
2 year, No. 1.....	\$.25	\$2.00	\$15.00

NIAGARA.

Undoubtedly the most popular white grape. A typical commercial fruit, enormously productive and of fair quality. Ripens with Concord. Flesh is a little tender for shipping and keeping. Berries large. Vine is a rampant grower..... Each Per 10 Per 100

2 year, No. 1.....	\$.25	\$2.00	\$15.00
--------------------	--------	--------	---------

WORDEN.

Best known offspring of the Concord. One week earlier and superior to it in quality. Tender skin, however, and inclined to crack. Must be carefully handled in packing or shipping. Vine handsome and vigorous. Each Per 10 Per 100

2 year, No. 1	\$.25	\$2.00	\$15.00
---------------------	--------	--------	---------

BLACKBERRIES

EARLY HARVEST.

The earliest commercial variety. Very firm, medium size, good quality and very prolific.

Per 10, \$1.00; Per 25, \$1.75; Per 100, \$5.50.

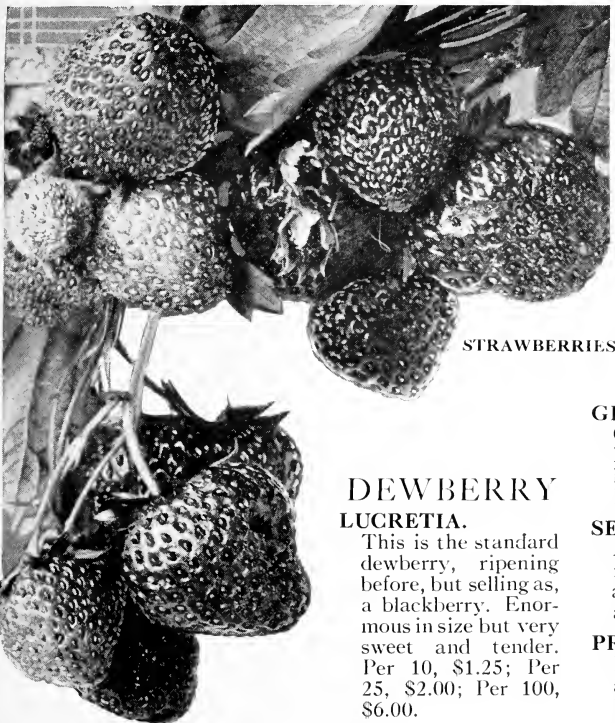

ELDORADO.

Said to be the hardiest and sweetest blackberry. Withstands the coldest winters perfectly. Berries large to very large, borne in clusters. Very melting and sweet to the taste. Have no hard core, yet will keep perfectly for a week.

Per 10, \$1.00; Per 25, \$1.75; Per 100, \$5.50.

ELDORADO BLACKBERRIES.

STRAWBERRIES

DEWBERRY LUCRETIA.

This is the standard dewberry, ripening before, but selling as, a blackberry. Enormous in size but very sweet and tender. Per 10, \$1.25; Per 25, \$2.00; Per 100, \$6.00.

GOOSEBERRIES

HOUGHTON.

A distinctively American variety which never mildews. Fruit small to medium, pale red, tender, sweet and very good. Plant of spreading, rather than slender habit. Each Per 10 Per 100
2 year old..... \$.25 \$2.00 \$15.00

DOWNING.

Pale green, large and handsome. The most popular market variety. Fruit covered with a white bloom that makes it very attractive. Bush a strong grower and very productive and healthy. Quality excellent. Each Per 10 Per 100
2 year old..... \$.30 \$2.50 \$20.00

RASPBERRIES

CUTHBERT.

This is the most popular of all commercial varieties. Succeeds over a large range of territory, both North and South. Sufficiently firm for shipping. Its deep red color is very familiar to the housewife. Not entirely hardy in the cold climates. Berries large and conical. Mid-season to late. Per 10, \$1.00; Per 25, \$1.50; Per 100, \$5.00.

CUMBERLAND.

The largest and best mid-season blackcap. Healthy, vigorous and productive. Firm large berries, fine in quality. One of the hardiest varieties. Per 10, \$1.00; Per 25, \$1.50; Per 100, \$5.00.

ST. REGIS.

Berries bright crimson, large size and very juicy and sugary. Flesh firm and meaty. A good shipper. Wonderfully prolific. Ripens with the earliest and continues on young canes until October. Per 10, \$1.25; Per 25, \$2.00; Per 100, \$6.00.

STRAWBERRIES

PRICE ON ALL STRAWBERRIES EXCEPT WHERE NOTED:—Per 25, \$.60; Per 100, \$1.50.

Aroma.

One of the best late varieties, they are light red in color and almost every berry is perfect.

Brandywine (Perfect).

Splendid for canning or preserving, berries large, deep red to the center, yields well and strong plant maker. Season late.

DR. BURRILL.

A wonderful variety of the Illinois Strawberry known as the "Million Dollar Strawberry." Berries very large and uniform. This great variety is a strong fertilizer. An excellent market variety.

GIBSON (Perfect).

One of the best and most profitable sorts for both home and market. Plants are strong growers with long roots and abundant foliage. Very productive. Berries extra large and finely flavored. Season late.

SENATOR DUNLAP (Perfect).

A medium to large berry, slightly flattened. Flesh is red, fine in texture and quality is excellent. Hardy and a good grower. Has been in existence for 25 years and is still a big favorite.

PROGRESSIVE. EVERBEARING.

Fruit is of good size and of good color, plants vigorous and healthy, giving splendid pickings of high class berries for a long time. Fruit from the middle of July to the middle of November, according to season. Per 25, \$1.00; Per 100, \$2.50.

MASTODON. EVERBEARING.

This new everbearer is the finest yet produced. Strong, healthy and vigorous, with immense berries of choicest quality. Unusually productive. Per 25, \$1.50; Per 100, \$4.50.

CONOVER. ASPARAGUS

Very large green shoots appearing very thick. A good standard variety. Per 25, \$1.00; Per 100, \$2.50.

PALMETTO.

A Southern variety of well merited popularity. A good yielder and very early. Per 25, \$1.00; Per 100, \$2.50.

Washington.

A new rust-resistant variety. The stalks are large dark green, with a heavy purple overtone. Per 25, \$1.00; Per 100, \$2.50.

LINNAEUS. RHUBARB

Those who have never grown this variety will hardly recognize it as the old "Pie Plant." It is of very superior quality, an early, tender variety, without being in the least bit tough or "stringy." Mild, sub-acid flavor.

1 year grafted..... \$.80 \$ 7.50

All Wisteria are grown from grafts and are sure to bloom.

SILVER LACE VINE

PURPLE WISTERIA

Roses

HYBRID TEAS

This type is termed Everblooming Roses as they bloom continuously throughout the season. They require more winter protection than do the Hybrid Perpetuals but they will repay the extra care in a goodly supply of fine flowers.

Prices on all Hybrid Tea Roses except where noted:

	Each	Dozen
2 year, field grown, own root.	\$.80	\$7.50
2 year, field grown, budded . .	.90	9.00
2 year, 5 inch pots, own root.	.90	9.00
2 year, 5 inch pots, budded . .	1.00	10.00
1 year, 4 inch pots, own root.	.50	5.00

NOTICE—Because of a demand for budded roses we are now growing a quantity of this class of rose. As roses do not ripen off early in the fall and as early spring planted roses often suffer from late frost, we decided it best to pot practically all Hybrid Tea and Hybrid Perpetuals in order that they might be planted out with absolute safety and assurance of their growth after we are free from frost which is usually about May 1st.

Budded roses are indicated **B**. Own root roses are indicated **O**. Those we have in own root and budded are indicated **O-B**. Those in budded stock only indicated **B**.

Charles K. Douglas. **B**.

An English rose of vigorous upright growth, and liberal fragrant bloom which is of delightful form. Color, a flaming scarlet flushed with velvety crimson.

with luxuriant foliage, and blooms continually until late fall.

Crusader. **O-B**.

A new introduction. Its growth is sturdy, canes erect, and has heavy foliage, producing a big crop of large velvety crimson flowers.

Duchess of Albany. **O**.

Pink. This is often called Red La France. It is two shades darker than its parent, the Pink La France, of which it is a duplicate in size and form.

Duchess of Wellington. **O-B**.

One of the best of yellow roses. Very fragrant. Prolific. Indispensable.

Clotilde Soupert. **O-B**.

Thrives well in almost any situation. Flowers are white shading to deep pink.

Columbia. **O-B**.

Grows as well in the garden as in the hot-house. Color, a bright pink. Plant is strong and sturdy,

LA FRANCE

HYBRID TEA ROSES—Continued

Edel. B.

An enormous bold, stately, well built flower of great depth, quality and finish. Color, white with the faintest ivory shading towards the base.

Edward Mawley. B.

Big deep-petaled flowers of strong fragrance, especially attractive early in the season, brilliant crimson.

Elsie Beckwith. O-B.

Rose pink.

Eldorado. B.

A strong, true yellow, even to the end. The shade is gleaming gold, slightly reddened at base. Fully double and pleasing form.

Francis Scott Key. O-B.

A big crimson rose, especially good. Hardy and healthy.

Gen. McArthur. O-B.

A brilliant, glowing crimson-scarlet. Very sweet scented.

Gruss an Teplitz. O-B.

The choicest of bright, vivid scarlet roses, shading to crimson. Beautiful foliage. Very

fragrant, hardy and strong. Blooms continuously until November.

Hadley. O-B.

The large, double blossoms are a rich, deep, velvety crimson.

Hermosa. O-B.

This was one of the most popular roses for years. Daintily cupped flowers of a pretty pink. It is very hardy and ever-blooming.

Jonkheer J. L. Mock. O-B.

A novelty with immense flowers. Sometimes called a glorified La France but it is a stronger grower and blooms constantly.

Kaiserin Auguste Victoria. O-B.

One of the most popular of white roses. Large, pointed buds, and very large, full double flowers of a delicate, creamy-white and delightfully fragrant.

Lady Alice Stanley. O-B.

Deep coral rose on the outside of petals and pale flesh on the inside. Well shaped buds develop into splendid open blooms. Borne profusely on an unusually vigorous bush. Blooms through the whole season.

Lady Hillingdon. O-B.

A striking decorative rose with deep apricot-yellow to orange flowers. It has long buds and is very free flowering.

La France. O-B.

Probably the best known and most loved of all the roses. Flowers and buds of a large size. Beautiful silvery-pink peach-blossom, changing to a deep rose. Most fragrant of any rose. Blooms while very small continues until stopped by the frost. Must be severely pruned.

Laurent Carle. B.

Flowers very large, brilliant, velvety carmine, of perfect form and intense fragrance.

Los Angeles. O-B.

An American production that created quite a sensation. Worthy of a place in every American garden. Petals are of a bright pink. Growth is strong.

HERMOSA

WM. F. DREER

HYBRID TEA ROSES—Continued

Miss Lolita Armour. B.

The coloring of this variety is a combination of tints difficult to describe. The flowers are of large size, full double, of a deep coral-red with a golden, coppery red suffusion, a strong, vigorous grower and very free flowering.

Mrs. Aaron Ward. O-B.

One of the few hardy, yellow monthly roses. Small dainty flowers of Indian yellow. Foliage, bronze-green. Plant is small, but strong and thrifty in growth.

Mme. Butterfly. O-B.

New sports of Ophelia, but stronger in growth and with larger blooms. Strong and vigorous, blooming constantly. Especially effective in masses.

Mme. Ed. Herriott. B.

Flowers medium sized semi-double, a glorious comingling of terra cotta bronze, geranium red and dull copper; fine long, pointed buds of coral-red and yellow.

Mme. Caroline Testout. O-B.

A rose that made Portland, Oregon streets famous. Extra large, fragrant blooms of brilliant pink. Very free blooming and hardy.

Maman Cochet. O-B.

Deep rose-pink; inner side of petals a silvery rose. Beautiful in bud or when full blown.

Mrs. Wakefield Christie Miller. B.

Large globular, peony-flowered bloom little effected by the blistering sun; early and continuous, of special value as a reliable garden rose. Delicately blushed pearl with salmon shadings; the outside a warm suffusion of rose and vermilion.

Ophelia. O-B.

A very fragrant salmon rose. Especially beautiful in the bud and when about half open. Flowers are borne on a long stem and blossoms keep a long time after being cut. Vigorous and upright in habit. A hot-house favorite, yet very successful in the garden.

Perle des Jardin. O-B. (Pearl of the Garden).

This is a clear golden-yellow of a rich and beautiful shade; flowers large, globular in form and of great depth, richly perfumed.

Pink Killarney. B.

Queen of the Irish roses, of exquisite form and fragrance. Bright carmine-pink marbled in creamy white, with petals large and durable, the buds extremely long.

Premier. O-B.

A magnificent new variety of large size and distinct character. Very deep rose color, the broad roll of the outer petals creating most interesting lights and shadows.

Radiance. O-B.

This is the pink American Beauty. A beautiful blending of bright carmine with shades of opal and copper. Blooms have long stems and are very lasting as cut flowers. One of the hardiest, producing flowers from June until frost.

SOUV. CLAUDIUS PERNET

KILLARNEY

HYBRID TEA ROSES—Continued

Red Radiance. O-B.

Similar in every respect to Radiance, of which it is a sport, differing only in color, which is a rich red that does not fade with age.

Rhea Reid. O-B.

A beautiful rose of scarlet-crimson that never disappoints either in bud or in bloom.

Richmond. O-B.

Free bloomer. Immense, fragrant scarlet-crimson flowers. Valuable for cutting.

Soliel d'Or. B.

A rich, rare color, gold and orange-yellow, varying to ruddy gold suffused with nasturtium red.

Sunburst. O-B.

Flowers of golden orange. Attractive, long pointed buds open full and double. A vigorous grower. Constant bloomer.

Souv. de Claudius Pernet. B.

One of the most reliable and strongest yellow roses ever introduced. A decided and unstained sunflower yellow, even deeper toned at center. Its flower form is large and full with elongated petals; the buds long and pointed.

White Cochet. O-B.

One of the daintiest white roses. Very fragrant. Claimed by many as the best white rose for garden culture.

Una Wallace. B.

A recent novelty, its color shade may best be designated as of cherry rose without separation or shading. In size, style and habit there can be little criticism, and its production of sweetly fragrant bloom is very liberal.

White Killarney. B.

A duplicate of the charming pink Killarney, with flowers white as snow.

Willomere. B.

A robust garden rose of bushy habit, with beautiful buds, very large flowers and lustrous foliage. Color

rich shrimp pink, shaded yellow at center and toning to cream pink towards base of petals.

Wm. F. Dreer. B.

Soft silvery shell pink, at times creating a golden illusion through reflection from the base of petals which are definitely gilded. Has the modest delicacy and sweetness found in orchids.

Wm. R. Smith. O-B.

Thrives well in almost any situation. Flowers are large full and double exquisite in form, with waxy petals, softly curled. Color, cream with flesh tint tips.

NOVELTY ROSES of Proven Worth.

	Each	Dozen
2 year, 5 inch pots, budded.....	\$1.25	\$12.00

Elvira Aramayo. B.

A flaming arresting color newly applied to roses, as "Indian red". This seems to be a unique association of orange-carmine with tones of madder, salmon and pink. The buds are long and pointed, opening into large flowers of cactus shape and some quilled petals.

Talisman. B.

The most astounding novelty in roses. Its brilliant orange-red buds open to a large, fragrant, high pointed bloom of glowing golden yellow, stained with copper-red and orange-rose on the inside of the petal.

	Each	Dozen
2 year, 5 inch pots budded.....	\$2.25	\$25.00

Wilhelm Kordes. B.

	Each	Dozen
2 year 5 inch pots budded.....	\$1.50	\$15.00

A magnificent product, a healthy plant with strong straight shoots and gleaming masses of reddish leaves. The abundant bloom is golden-yellow flushed with orange and copper-red when fresh, but a veritable sunset at the close, with a broken background and straggling rays of red.

LADY ALICE STANLEY

HYBRID PERPETUALS

These are the June Roses so admirably suited for garden culture, the formation of rose beds, hedges, etc. In June and July these lovely roses are covered with brilliant intensely perfumed flowers. The following list of Hybrid Perpetuals are priced as follows:

	Each	Dozen
2 year, field grown, own root.....	\$.80	\$ 7.50
2 year, field grown, budded.....	.90	9.00
2 year, 5 inch pots, own root.....	.90	9.00
2 year, 5 inch pots, budded.....	1.00	10.00

Anne de Diesbach. B.

Has large, well formed blossoms, deep pink to carmine. Very fragrant. One of the hardiest of the roses. A strong grower.

Clio. O.

A large globular rose, sweetly fragrant, with a delicate, satiny flesh-color, with pink center. At perfection, are as large as peonies. Strong grower; perfectly hardy.

Frau Karl Druschki. B.

The distinctive form and expression of its bud at half opened state and maturity are a three-fold revelation of exquisite charm and beauty. Large flowers of waxy paper white in June.

George Arends. B.

Often called the Pink Druschki. Flowers are deliciously fragrant, large, and a beautiful pink coloring. Plant vigorous and bears abundantly.

Gen. Jacqueminot. B.

The favorite old "Jack Rose." Blooms a rich, velvety crimson. Large petals. Blooms freely. Grows anywhere.

Magna Charta. B.

A rosy pink, full round globular rose of marked fragrance. Profuse bloomer. Valuable for cutting and for this reason is used extensively by florists.

Mrs. John Laing. B.

Blossoms of soft, clear pink are large and delightfully fragrant. Blooms profusely from June until mid-autumn.

M. P. Wilder. O.

Bright crimson-scarlet in color. Flowers, full, round and extra large. Very fragrant and desirable in any location.

Paul Neyron. B.

The largest rose of all. Blossoms of clear pink, shading to rose. Plant is erect in habit and a strong, heavy grower. Blooms repeatedly through the season.

Prince Camille de Rohan. O.

One of the darkest red roses—almost black. Buds are well formed and the open fragrant flowers double enough to make it one of the most attractive "blacks."

Ulrich Brunner. B.

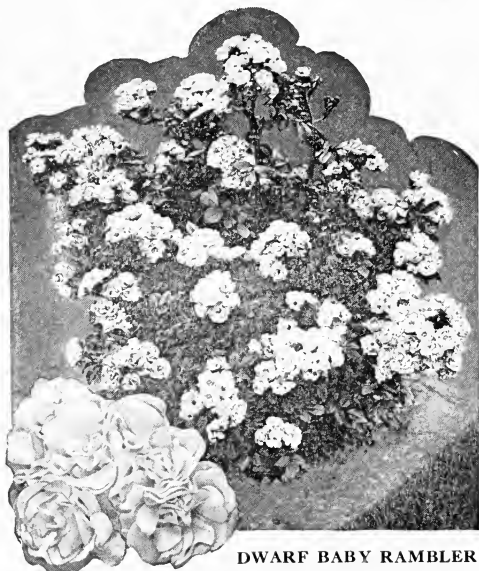

One with a lively, light distinctive red all its own. Flowers borne on long stems. Very fragrant, full and graceful. One of the most popular.

DWARF RAMBLERS

PRICE ON ALL BABY RAMBLERS:	Each	Dozen
2 year, field grown, own root.....	\$.80	\$ 7.50
2 year, field grown, budded.....	.90	9.00
2 year, 5 inch pots, own root.....	.90	9.00
2 year, 5 inch pots, budded.....	1.00	10.00
1 year, 4 inch pot, own root.....	.50	5.00

Baby Rambler. O.

Bush presents the appearance of an assembled bouquet when in bloom, except for a glimpse here and there of the deep, glossy green leaves. Has no superior as a rose-hedge.

DWARF BABY RAMBLER

Chatillon. O.

A comparatively new variety and one of the most effective. Flowers semi-double, produced in great sprays; color a lively silvery crimson pink gradually passing to a white centre.

Echo. O.

Pink.

Baby Tausendschon. O-B.

Soft tender shade of pink, blooming throughout the season. Identical to the familiar and popular Tausendschon.

GEN. JACQUEMINOT

SUNBURST

CHAS. K. DOUGLAS

DWARF RAMBLERS—Continued

Erna Teschendorf. O.

A sport from the crimson Rambler, as bright as Gruss and Tepliz, which has been described as the brightest of all roses.

Ellen Poulson. O-B.

New. A very free and vigorous type with large, full and sweet scented clusters of pink blossoms.

Ideal. B.

The darkest colored of all baby roses, an intense rich lustrous garnet, the flowers are produced in large trusses and are very effective.

Lafayette. O-B.

An entirely new break in the Baby Rambler type, with brilliant cherry crimson flowers as immense branched trusses, free and continuous large as Paul's Scarlet Climber.

Mme. Norbert Levavasseur. B.

Similar in color to the Climbing Crimson Rambler.

Red Orleans. B.

Deep rose-red, with a blur of white at center. Very striking and popular.

CLIMBING ROSES

PRICE ON ALL CLIMBING ROSES:	Each	Dozen
2 year, field grown, own root.....	\$.80	\$ 7.50
2 year, 5 inch pots, own root.....	.90	9.00
1 year, 4 inch pots, own root.....	.50	5.00

American Pillar.

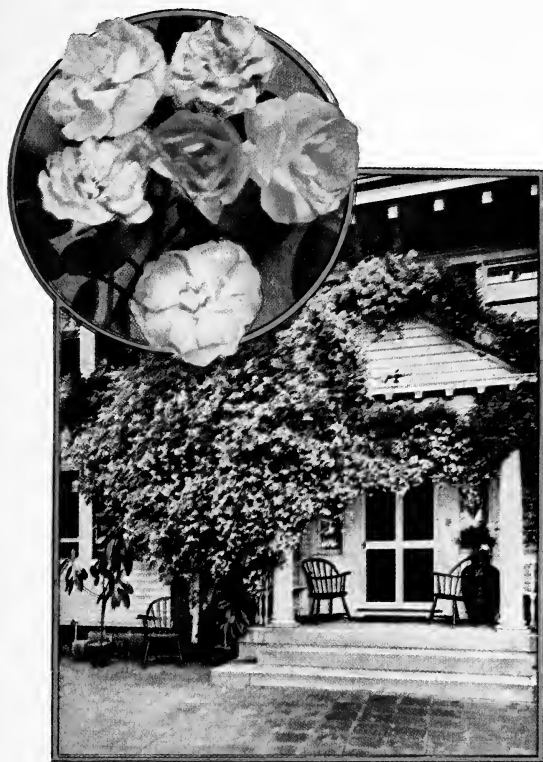

A true climbing rose. Very large, glossy-green foliage, with enormous trusses of flowers. Silk rose-pink. Striking size and beauty.

Baltimore Belle.

A vigorous grower. Flowers a pale blush turning to white blooming in clusters. Succeeds anywhere.

EDEL

TAUSENSCHON CLIMBING ROSE

CLIMBING ROSES—Continued

Bess Lovett.

Resembles Climbing American Beauty in shape of flower, but is brighter in color, a clear bright red, of good size and of double full-cupped form. A strong vigorous grower and very fragrant.

Dorothy Perkins.

A clear, cherry-pink of sweet fragrance. Always gives satisfaction because it is a rapid grower and always healthy. One of the very best climbers.

Emily Gray.

In this we have a real yellow Climbing Rose as hardy as Dr. Van Fleet. The buds are long and pointed, of splendid shape. The foliage is dark glossy holly like.

Eugene Jacquet.

Crimson. This is a very new variety. The flowers which are fragrant are cherry-red, borne profusely in large clusters.

Excelsa. Crimson Rambler.

This is the Red Dorothy Perkins. Color an intense clear red. Blooms small, perfect and double. Borne in large clusters. Of great vigor and hardiness.

Gruss an Teplitz. Climbing.

Vivid fiery crimson. An exact duplicate of the bush rose of this name except that it is a vigorous climber producing a sheet of dazzling bloom. Superb over pillars.

Mary Lovett.

Large well-formed flowers of pure waxy white, sweetly scented.

Mary Wallace.

Well formed, semi-double flowers of a bright rose-pink, with salmon base to the petals. Flowers large and very free flowering.

Lady Gay.

A beautiful cherry pink, fading to soft white; the

flowers, in large, loose trusses, together with the buds and foliage form a mass of beauty from base of vine to tips of branches. Perfectly hardy.

Tausendschon.

Entirely different. In a single cluster of blooms, there will be all shades from light pink to a rosy carmine, some almost white, with a suggestion of yellow.

American Beauty (Climber).

One of the best climbers. Rose pink in color, of splendid form and good substance.

Roserie.

This is a sport from Tausendschon. It is true cerise-pink; a good grower and bloomer.

Gardenia.

This is often called "The Hardy Marechal Neil." It is bright yellow, opening cream; early flowering. Fragrant and free.

Dr. W. Van Fleet.

This rose appeals to all. Has dainty flesh pink color and exquisitely shaped buds.

Silver Moon.

Different from all other roses. Has beautiful semi-double flowers four and one-half inches in diameter. Pure white in color.

Paul's Scarlet Climber.

A new rose of brilliant, vivid scarlet, maintained without burning or bleaching until the petals fall. Semi-double flowers of medium size completely cover the vine.

Wichuriana (Memorial Rose).

A trailing rose that covers the ground with glossy small green leaves. Single, pure white flowers with yellow anthers in the center. Hardy. Ideal for covering embankments.

PAUL'S SCARLET CLIMBER

America's Finest Collection of ROSES

Voted by the American Rose
Society as the Twelve Best
and Most Popular Varieties

By a referendum vote of the members of
the American Rose Society the "dozen"
Roses pictured on this page were selected
as the best and most desirable varieties for
general cultivation.

For Descriptions of These Varieties,
See Pages 71 to 74
